

Corrigendum

The BSPI Thematic Issue 56(2) “Ichnia 2016. Ichnology for the 21st century” included the article:

Gutiérrez C., Pazos P.J. & Fernández D.E. (2017). Analysis of the ichnogenus *Herradurichnus* in quartzites of the Balcarce Formation (lower Silurian) from the Tandilia System of Argentina. *Bollettino della Società Paleontologica Italiana*, 56 (2): 161-170.

The ICHNIA contribution included a photo (Pl. 1, fig. 6) that was published without the permission of its author, Carlos A. Quintana. The credits of the photo must be attributed to the following publications:

Quintana C. (2013). Fósiles urbanos: museos ocultos a la vista de todos. *Revista Boletín Biológica*, 30: 19-24.

Quintana C. (2015). Los fósiles de Mar del Plata: un viaje al pasado de nuestra región (2nd Ed.). 242 pp. Editorial Vásquez-Mazzin y Fundación de Historia Natural Félix de Azara.
