Tracing the Footsteps of God
Oct 03 2022 The theology of C. S. Song begins with the conviction that God is at work in our lives and our world, often in ways we hardly perceive. Interrogating our own experience in the light of the Gospel is, for him, the

heart of theology. In this volume Professor Song engages nine perennial and perplexing questions of faith, leading the reader on a journey of exploration tracing the footsteps of God in a religiously plural postmodern world. - Publisher.

For the Love of God May 18

2021 In a world that views absolute truth and divine judgment as being either outdated or subject to one's own definition, the need for Christians to read the Bible is critical.

Gazing Upon the Face of

God Sep 09 2020 Gazing upon the face of God is our only source for ultimate Truth. God did not just give us a bunch of rules to follow; He gave us His very nature. All of creation, including mankind, is a direct attribute of God Himself so it only makes sense that in order to understand anything we must look upon His face to determine Truth. The world today is slipping towards a world order that defines Truth by popular demand and a majority of vote. The screaming minorities become the majorities. Without God as the ultimate Truth then there is no source other than the will and laws of man; and who is to say they are wrong or right but the majority. Christianity has become a natural acceptance of belief that is acknowledged, but hardly lived! Reality as the

world knows it has conformed completely to the natural laws of the physical senses. The nature of God is hardly recognized as our source of reality. Naturalism has become man's god and Spiritualism has become simply--the reference of historical events back in bible times. It is time we, as Christians, accept our role as outsiders to this world and take on the Nature of God in ushering in the Kingdom of Heaven upon earth!

Listening for God Jun 18 2021

We all long to know the will of God in our lives, to obtain answers to our prayers, and to receive tangible evidence of the personal care of our heavenly Father. We deeply desire to hear His voice. And here's the good news: God is not silent. He is constantly reaching out to each of us. Often His voice is quiet and can be heard only in prayer. He frequently breaks into our lives with timely remedies, miraculous encounters, and surprising circumstances that can be explained only by the reality of a loving and caring

God. Popular Catholic author and radio host Teresa Tomeo has gathered an inspiring collection of such "Godcidences" from her life, as well as personal stories from a variety of Catholics"€"including broadcasters Joan Lewis, Al Kresta, Steve Ray, and authors Greg and Julie Alexander"€"of the unmistakable ways God has spoken to them. In these pages, you'll read about ordinary and extraordinary "come-to-Jesus moments," such as: ¢€¢The mysterious man who appeared to an anxious couple at a deserted train station in Italy to give them assistance |€| and then just as quickly disappeared ¢€¢How a six-word sentence from a husband to his embittered wife served to redirect their marriage from bitterness toward reconciliation and renewal ¢€¢A business offer that arrived out of the blue, just as financial ruin threatened the future of a wife and husband recently jolted by an Alzheimer's diagnosis These and many more profound and intimate stories will deepen

your faith as they remind you of the active presence of God in your life. Each comes with lessons for you to apply to your life and reflections to help you grow in your ability to hear and respond to the still, small, powerful voice of God.

Discovering God Jan 26 2022
Discovering God is a

monumental history of the origins of the great religions from the Stone Age to the Modern Age. Sociologist Rodney Stark surveys the birth and growth of religions around the world—from the prehistoric era of primal beliefs; the history of the pyramids found in Iraq, Egypt, Mexico, and Cambodia; and the great "Axial Age" of Plato, Zoroaster, Confucius, and the Buddha, to the modern Christian missions and the global spread of Islam. He argues for a free-market theory of religion and for the controversial thesis that under the best, unimpeded conditions, the true, most authentic religions will survive and thrive. Among his many conclusions: Despite decades of faulty reports that early religions were crude muddles of superstition, it turns out that primitive humans had surprisingly sophisticated notions about God and Creation. The idea of "sin" appeared suddenly in the sixth century BCE and quickly reshaped religious ideas from Europe to China. Some major

world religions seem to lack any plausible traces of divine inspiration. Ironically, some famous figures who attempted to found "Godless" religions ended up being worshiped as Gods. Most people believe in the existence of God (or Gods), and this has apparently been so throughout human history. Many modern biologists and psychologists reject these spiritual ideas, especially those about the existence of God, as delusional. They claim that religion is a primitive survival mechanism that should have been discarded as humans evolved beyond the stage where belief in God served any useful purpose—that in modern societies, faith is a misleading crutch and an impediment to reason. In *Discovering God*, award-winning sociologist Rodney Stark responds to this position, arguing that it is our capacity to understand God that has evolved—that humans now know much more about God than they did in ancient times.

Sacred Sense Nov 23 2021 All too often Scripture is read only

to find answers to life's perplexing questions, to prove a theological point, or to formulate doctrine. But William Brown argues that if read properly, what the Bible does most fundamentally is arouse a sacred sense of life-transforming wonder. In this book Brown helps readers develop an orientation toward the biblical text that embraces wonder. He explores reading strategies and offers fresh readings of seventeen Old and New Testament passages, identifying what he finds most central and evocative in the unfolding biblical drama. The Bible invites its readers to linger in wide-eyed wonder, Brown says -- and his Sacred Sense shows readers how to do just that.

The Secret Life of God May 30 2022 How much does our perception of God really matter? Many of us aren't conscious of our image of a "higher power." For some of us, that unspoken image is a Judgmental Parent or an exacting Old Man in the Sky. For others, God is an

Imaginary Friend who is there to fix problems after we create them. David Aaron can help you discover a mature, new understanding of God and lead you to discover the wellspring of Divinity within you. By drawing on teachings of Kabbalah that were secret for millennia, he helps you to reclaim the power you've given away to negative images of God or passive images of yourself. These mystical secrets of Judaism can offer reassuring guidance, meaning, and purpose to the lives of people of all faiths. In the journey to discovering God's secret life you will:

- Awaken to your life's deepest purpose
- Delight in a deeper connection to your true inner self, God, and others
- Learn to experience God's infinite love for you
- Rise to new heights, cope with challenges, and make courageous choices
- Achieve true peace of mind and freedom from anxiety

Aaron shares these profound ancient teachings in simple, everyday language with a touch of wit and humor. Rich in personal

stories and anecdotes, his examples from daily life help us tap the transformational power hidden within and illuminate the surprising paradoxes of spiritual growth. Awakened to finally experience a personal connection to God, we are at last able to receive God's love unconditionally and discover our ultimate identity, divine purpose, and true happiness.

The Greatness of Our God Mar

04 2020 The majority of people do not understand the true nature of God. Many today have an incorrect and twisted opinion of who God is, what He is like, and His reasons for things happening. The enemy has worked overtime for centuries speaking lies into the hearts of people about the true character of God. Words of lies have become beliefs and strongholds in the minds of many. These beliefs sadly keep many away from discovering that He is in actual fact a Great God. Additionally, by perverting our perception of Him, when times get tough people can easily lose heart and walk away. But this should not be the case! If our foundation in God is strong, when the storms of life come we will never doubt God's purpose in using events to mature and strengthen us.

Where God Happens Jul 28 2019 The place "where God happens," according to Rowan Williams's striking new reading of the Desert Fathers and Mothers, is between each other. It's a truth that we of the twenty-first century most

urgently need to learn in order to heal the experience of alienation that has become endemic to our age, and these odd and appealing ancient figures, surprisingly, hold keys to this healing. The fourth-century Christian hermits of Egypt, Syria, and Palestine understood the truth of Christian community profoundly, and their lives demonstrate it vividly—even though they often lived in solitude and isolation. The author breaks through our preconceived ideas of the Desert Fathers to reveal them in a new light: as true and worthy role models—even for us in our modern lives—who have much to teach us about dealing with the anxieties, uncertainties, and sense of isolation that have become hallmarks of modern life. They especially embody valuable insights about community, about how to live together in an intimate and meaningful way. Williams makes these radical figures, who clearly have a special place in his heart, come to life in a new

way for everyone. The book includes an appendix of selections from the teachings of the Desert Fathers.

Discovering the God Who Is

Apr 28 2022 “The minister gently guided my mother away from the grave to a waiting car. I moved behind them in a grim stupor. I was confused. I was hurt. I was angry. Breakthrough May 06 2020

What is the kingdom of God? Has the kingdom come? How can we enter it? Jesus came preaching and demonstrating the kingdom of God. This was his primary mission and message. This book explores the big picture of the kingdom of God in both Old and New Testaments. Read against the background of Old Testament expectation, it becomes clear that Jesus introduced a totally fresh departure, which can be described as the inbreaking of the powers of the future age into the present. This understanding of the kingdom provides the best framework for his life, death, resurrection and ascension, signs and wonders, healing, revivals, mission and evangelism, and the Christian life. This is the best, most easily understood book we have ever read on the kingdom of God. Happy and Dianne Leman-Midwest Regional Overseers, Vineyard USA The clearest and most helpful of biblical expositions of the kingdom of God I have read. A must if you want to

understand the gospel, and how Jesus wants us to proclaim it. Bruce Collins-New-Wine International Networks This is a book that manages to be simple without becoming simplistic and succeeds in making theology a practical compass for living. It's a central part of my annual reading list! Gary Best-Founding leader, Vineyard churches Canada The fifth edition of Breakthrough is a significantly reworked and expanded version of this foundational book. The extra material on the expectation of God's coming Kingdom in the Hebrew Testament and the new chapters on Cessationism, Dispensationalism and Restorationism is of great value for the individual follower of Jesus, let alone Christian leaders and the contemporary church. I cannot emphasise enough the importance of this book, the first in a series of three volumes on God's Kingdom and Jesus' worldview. Once you've read it you will certainly want to read the other two: Demonstrating the Kingdom and The Kingdom

EMPOWERED! Discovering Your Place in God's Story

Jul 08 2020 Surveys indicate that most Christians feel disempowered. Wrong (dualistic) thinking, which separates the whole of life into 'spiritual' and 'secular', and creates a division within the Church between those in 'full-time' ministry and those who are not, has robbed many believers of the joy of knowing their life can make a difference. The purpose of this book is to help give every Christian believer the realization that they have a special, God-given role and place in the fulfillment of God's Story and the Great Commission. Our life-story fits into God's bigger story

(HIStory). Our mission and purpose in life, fits within his global mission and purpose. God is calling us today towards the consummation of his story and his mission. This task is not just for church workers or overseas missionaries.

Whatever your vocation in life, you have a destiny to fulfill and a unique contribution to make. With practical tools and study questions.

The Economy of God Apr 04 2020 "I want you, the reader, to know the joy and delight that is possible when money is yielded to God's discretion." -- David D. Swanson Jesus spoke more about money than any other single subject in the Bible. Yet, because many believers don't listen to what the Bible says about money, money has become a source of pain, strife, discontent, and division in many Christian homes, churches, and ministries. God has an entire economy that he wants us to operate in-a way of working and producing-a way of earning, spending, saving and giving that not only honors him, but blesses everyone who participates in it. This book will help you once again realize

God's economy and increase your heart's desire to live within it.
