It has been buried for too long, and it is too valuable to be forgotten. This life-changing truth is that the heart is the key to everything in the Christian life. The heart is the wellspring of all our actions, emotions, motives, and character. Everything we are, everything we say, and everything we do flows directly from the heart. In [The Heart-The Key to Everything in the Christian Life](#), believers will discover how the heart is central to spiritual growth and how it will help us better reflect the image of Christ in a fallen world. The heart is the key to our service and obedience to the Father. The heart is the key to the purity and depth of our worship, praise, and love of God. [Rethinking Aesthetics](#) ____ Jul 20 2019 [Rethinking Aesthetics](#) is the first book to bring together prominent voices in the fields of architecture, philosophy, aesthetics, and cognitive sciences to radically rethink the relationship between body and design. These essays argue that aesthetic experiences can be nurtured at any moment in everyday life, thanks to recent discoveries by researchers in neuroscience, phenomenology, somatics, and analytic philosophy of the mind, who have made the correlations between aesthetic cognition, the human body, and everyday life much clearer. The essays, by Yuriko Saito, Juhani Pallasmaa, and Richard Shusterman, among others, range from an integrated mind-body approach to chair design, to Zen Buddhist notions of mindfulness, to theoretical accounts of existential relationships with buildings, to present a full spectrum of possible inquiries. By placing the body in the center of design, [Rethinking Aesthetics](#) opens new directions for rethinking the limits of both essentialism and skepticism.

A Train to Timbuktu Nov 23 2019 The saffron-colored sky, laden with biting grains of sand, was beginning to yield to a more hospitable blue. Silence prevailed in the harsh desert surroundings the stranded railway coach. The dusty and the violent north wind, which had been lashing the sides of the coach was abating gradually into a fresh breeze playing with the branches of a few date trees, several meters far from the coach. Manira opened the window of the toilet and looked outside at the empty silent desert. She felt herself as an outcast, in the middle of uncharted location, with nothing to see except rugged masses of marble rocks jetting out of the sands here and there, among gigantic sand dunes that extend till the edge of the towering mountains far in the horizon. The conductor stepped down from the car followed by Baron. Both scanned the desert surrounding to explore if there is a sign of life around. But there was absolutely nothing except few rocky hills with the empty railway line coiling its way around the rocky hills till the horizon. Luckily the separated coach stopped few meters away from an area with scattered date trees, which broke the monotony of the one yellow color of sands and rocks. "We are in deep, deep trouble. The conductor said looking at Baron, then he added with a tone of anger: "It's your fault that we are stranded here in the middle of nowhere. Had you listened to me, we would be in that traveling train. Not in this abandoned coach. Infuriated by the conductor's belligerent redundancy, Baron shouted: "You have the audacity to twist facts? Why did you call us out of this coach? Admit it. You are part of it. Everything was preplanned, and you knew that this rear coach would be detached from the train. The plan is to get rid of the mentally ill children! Am I right? What kind of a brutal scheme to abandon those illusioned and indisposed children to perish in the desert? Was it because there is a deficit in the budget of the institution of the mentally ill? Is it devilish plan invented to waste and bury them in the desert and then to be declared as a train freak accident. A good pretext to get rid of them? You thought you fooled me? You think I believe your innocence?.. It is an obvious premeditated

Beautiful Resistance Aug 13 2021 In a time of compromise and disillusionment, God is calling his people to a movement of beautiful resistance. We live in a time when our culture is becoming increasingly shallow, coarse, and empty. Radical shifts in the areas of sexuality, ethics, technology, secular ideologies, and religion have caused the once-familiar landscape of a generation ago to be virtually unrecognizable. Yet rather than shine as a beacon of light, the church often is silent or accommodating. This isn't a new phenomenon. During World War II, pastor and theologian Dietrich Bonhoeffer was deeply troubled by the compromise in the German church. Their capitulation to the Nazi party brought shame and dishonor to the gospel. In response, he helped create an underground movement of churches that trained disciples and ultimately sought to renew the church and culture of the day. In our compromised church, we need new underground movements of discipleship and resistance. Widely respected New York pastor Jon Tyson unveils a revived vision for faithful discipleship—one that dares to renew culture, restore credibility, and replace compromise with conviction. For all who have felt this conflict in the soul between who we are and who God calls us to be, Beautiful Resistance is a bold invitation to reclaim what's been lost—regardless of the cost. Praise for Beautiful Resistance "Beautiful Resistance is one of the most compelling and defiant books I've read in a long time. I love Jon's radical, no-messing vision of the church as a prophetic community. This is a wake-up call for us all from the heart of a man who lives his message, loves his city, and serves his Lord with a passion and intelligence destined to become less rare."—Pete Greig, founder of the 24-7 Prayer movement

Beautiful, Simple, Exact, Crazy Jan 18 2022 Two mathematicians explore how math fits into everything from art, music, and literature to space probes and game shows. In this vibrant work, which is ideal for both teaching and learning, Apoorva Khare and Anna Lachowska explain the mathematics essential for understanding and appreciating our quantitative world. They show with examples that mathematics is a key tool in the creation and appreciation of art, music, and literature, not just science and technology. The book covers basic mathematical topics from logarithms to statistics, but the authors eschew mundane finance and probability problems. Instead, they explain how modular arithmetic helps keep our online transactions safe, how logarithms justify the twelve-tone scale commonly used in music, and how transmissions by deep space probes are like knights serving as messengers for their traveling prince. Perfect for coursework in introductory mathematics and requiring no knowledge of calculus, Khare and Lachowska's enlightening mathematics tour will appeal to a wide audience. "A whirlwind tour through mathematics and its applications to the real world, laced with stimulating exercises and fascinating historical insights. Destined to become a classic of mathematical exposition." —Eli Maor, author of e: the Story of a Number and Trigonometric Delights "Khare and Lachowska introduce bite-size pieces of important math by surrounding them with interesting context, from the Monty Hall problem for probability to a story by Dino Buzzati for velocity. Math treated with seriousness and fun." —Michael Frame, co-author, with Benoit Mandelbrot, of Fractals, Graphics, and Mathematics Education "An excellent book, well-suited for a thoughtful, quantitatively-rigorous 'Math for Humanists' course." —William Goldbloom Bloch, author of The Unimaginable Mathematics of Borges' Library of Babel

Lift up Your Eyes Oct 23 2019 "Lift up your eyes" is a phrase urging believers to get into the habit of looking up to God. God have proved himself. When God wants us to make a U-turn and see a turnaround, he's going to ask us to lift up our eyes. This calling can come in form of a dream or a small still voice in prayer or by the constant visiting of an Angels in supernatural or humanly forms. Anytime God asked his servant to lift up their eyes, something spectacular was about to come to pass. God is asking us to lift up our eyes to reach for Heavenly things. Jesus came for us in person so that we might lift up our eyes and focus on extraordinary promise of God.

The Evidential Power of Beauty Jun 11 2021 While everyone is delighted by beauty, and the more alive among us are positively fascinated by it, few are explicitly aware that we can recognize truth by its beauty and simplicity. Dubay explores the reasons why all of the most eminent physicists of the twentieth century agree that beauty is the primary standard for scientific truth. Likewise, the best of contemporary theologians are also exploring with renewed vigor the aesthetic dimensions of divine revelation. Honest searchers after truth can hardly fail to be impressed that these two disciplines, science and theology, so different in methods, approaches and aims, are yet meeting in this and other surprising and gratifying ways. This book relates these developments to nature, music, academe and our unquenchable human thirst for unending beauty, truth and ecstasy, a thirst quenched only at the summit of contemplative prayer here below, and in the consummation of the beatific vision hereafter.

The Beauty of Convention Jun 23 2022 This volume addresses the beauty of convention not in an attempt to recapitulate established values (as, luckily, in literature and culture, there are not absolute beauties that serve everyone and always), but as an aesthetic appreciation of form as a keeper of meaning and as an ethical post-cynical metadiscourse on human dependence on symbolic interaction and generic conventions. Looking into the artificial, invented, side of this concept, the book addresses such questions as: What is beauty by virtue of convention? How does convention generate beauty? How does it happen that a convention acquires a normative force? What is the nature and the "logic of situation" that leads to the arbitrary conventions? How are alternative conventions made? What is inertia, and what real joy or belief ensures the stability of convention? Is there a natural correctness that enables the stability of convention? How does convention determine linguistic meanings? Can interpretation avoid convention? Without imposing one definition onto the reader, this volume presents an understanding of the stability of convention and how it generates beauty by employing numerous contemporary reading strategies and diverse cultural, ethnic, gender, psychological, and textual perspectives. Primary focus is given to various literary texts ranging from early classics to modernism and contemporary writing, though there are also discussions on other forms of human expressions, such as music, dance and sculpture. This book will contribute to the on-going discussion about the ambiguities inherent in the concept of convention, and, thus, stimulate intellectual confrontation and circulation of ideas within the fields of literature and culture.

Chinese Environmental Humanities Mar 08 2021 Chinese Environmental Humanities showcases contemporary ecocritical approaches to Chinese culture and aesthetic production as practiced in China itself and beyond. As the first collaborative environmental humanities project of this kind, this book brings together sixteen scholars from a diverse range of disciplines, including literary and cultural studies, philosophy, ecocinema and ecocinema studies, religious studies, minority studies, and animal or multispecies studies. The fourteen chapters are conceptually framed through the lens of the Chinese term *huanjing* (environment or "encircling the surroundings"), a critical device for imagining the aesthetics and politics of place-making, or "the practice of enviroing at the margin." The discourse of enviroing at the margins facilitates consideration of the modes, aesthetics, ethics, and politics of environmental inclusion and exclusion, providing a lens into the environmental thinking and practices of the world's most populous society.

What's God Really Like Jun 30 2020 For many, God is a distant, frightening entity. God may be personal, but they would not think of him as having a personality, much less an enjoyable, friendly, relatable personality. Author S. J. Hill has spent years studying, and more importantly experiencing this topic. He has counseled many people, young and old, whose ideas about God left them frightened and hopeless. He has also experience the presence and love of a wonderful heavenly father who has a fascinating personality. The result is his book **What's God Really Like?: Unique Insights into His Fascinating Personality**. What if God can laugh and dance? What if the One True God is affectionate rather than angry, beautiful rather than mean and ugly, deliberately weak instead of a cosmic bully? S. J. Hill pulls back one veil after another, allowing you to see God as few authors have ever described. This God is actually joyful and beautiful beyond anything you've possibly ever imagined. This book is a powerful tool for personal study. As you read, you will be ushered out of the hog pen of prodigal living and personal striving and into the healing arms of a Father who wants to dance with His sons and daughters. It is also a powerful tool for teaching and ministry. The way we think of God will impact our experience and our ability to live a fulfilling Christian life. The way a teacher thinks and teaches about God can be either helpful or very destructive to those he or she teaches. Imagine what could happen in our churches if we gave witness to a God such as this. Whether you're reading it for yourself or using it in teaching, **What's God Really Like?** will change your perception of God and it will change you!

Holocaust Legacy in Post-Soviet Lithuania Sep 21 2019 Once regarded as a vibrant centre of intellectual, cultural and spiritual Jewish life, Lithuania was home to 240,000 Jews prior to the Nazi invasion of 1941. By war's end, less than 20,000 remained. Today, approximately 4,000 Jews reside there, among them 108 survivors from the camps and ghettos and a further 70 from the Partisans and Red Army. Against a backdrop of ongoing Holocaust dismissal and a recent surge in anti-Semitic sentiment, **Holocaust Legacy in Post-Soviet Lithuania** presents the history and experiences of a group of elderly Holocaust survivors in modern-day Vilnius. Using their stories and memories, their places of significance as well as biographical objects, Shivaun Woolfson considers the complexities surrounding Holocaust memory and legacy in a post-Soviet era Lithuania. The book also incorporates interdisciplinary elements of anthropology, psychology and ethnography, and is informed at its heart by a spiritual approach that marks it out from other more conventional historical treatments of the subject. **Holocaust Legacy in Post-Soviet Lithuania** includes 20 images, comes with comprehensive online resources and weaves together story, artefact, monument and landscape to provide a multidimensional history of the Lithuanian Jewish experience during and after the Holocaust.

The Ultimate Exodus Jan 06 2021 God didn't just say to Pharaoh, "Let my people go " He also said to the Israelites--and He says to us--"Let go of what enslaves you, and follow me to freedom." **The Ultimate Exodus** opens our eyes to the things that enslave us, and it sets us on the path of our own exodus. Danielle Strickland revisits the story of the Exodus to see what we can learn from a people who were slaves and who learned from God what it means to be free. We discover as we go that deliverance goes much deeper than our circumstances. God uproots us from the things we have become slaves to, and He takes us on a long walk to the freedom He created us to enjoy.

God's Beauty Mar 20 2022 What if we began our study of Christian ethics not with an examination of our moral duties but with an exploration of the call of beauty? For like justice, beauty generates a call to a larger, more generous self. In **God's Beauty**, Patrick McCormick asks: How does the beauty of the righteous community manifest the glory of God? How can we imitate and improve this beauty by reforming our own societies? What fundamental need and right do all of us, especially the poor, have to experience and create beauty in our lives and communities? Why is it also essential to our own humanity that we recognize and treasure the beauty of the stranger, alien, and foe, and resist every effort to render these unrecognized neighbors ugly? McCormick offers a fresh, positive approach to moral arguments calling us to work for social justice. Instead of laying out the evils of failing to work for justice, protect human rights, overcome alienation and hostility, or tend to the earth, **God's Beauty** focuses on the calling of divine beauty summoning us to be tenders and creators of beauty.
