The Harlan Ellison Hornbook Jun 01 2020 The Hugo and Nebula Award-winning author probes topics ranging from departed pets to Lenny Bruce and San Quentin in this provocative collection of essays. A major collection of Harlan Ellison's incomparable, troublemaking, uncompromising, confrontational essays and newspaper columns, *The Harlan Ellison Hornbook* mines deep into the author's colorful past. Failed love affairs, departed pets, a defense of comic books—in lesser hands, these subjects would be pabulum or treacle. When Harlan Ellison is behind the typewriter, the mundane becomes an all-out intellectual brawl. Emotionally moving and verbally stimulating, these columns cannot be missed, especially Ellison's article on controversial comedian Lenny Bruce or the chilling account of the author's trip to visit a death row inmate in San Quentin State Prison.

Imagining Los Angeles Dec 07 2020 The literary image of Los Angeles has evolved since the 1880s from promotional literature that hyped the region as a New Eden to contemporary visions of the city as a perplexing, sometimes corrupt, even apocalyptic place that reflects all that is wrong with America. In *Imagining Los Angeles*, the first literary history of the city in more than fifty years, critic David Fine traces the history and mood of the place through the work of writers as diverse as Helen Hunt Jackson, Mary Austin, Norman Mailer, Raymond Chandler, Joan Didion, Carolyn See, and many others. His lively and engaging text focuses on the way these writers saw Los Angeles and used the image of the city as an element in their work, and on how that image has changed as the city itself became ever larger, more complex, and more socially and ethnically diverse. This is essential reading for anyone interested in the literature and changing image of Southern California.

Lullaby Town Apr 30 2020 "Quick, cutting wit . . . a keen ear."—The New York Times Book Review Hollywood's newest wunderkind is Peter Alan Nelsen, the brilliant, erratic director known as the King of Adventure. His films make billions, but his manners make enemies. What the boy king wants, he gets, and what Nelsen wants is for Elvis to comb the country for the wife and infant child the film-school flunkout dumped en route to becoming the third-biggest filmmaker in America. It's the kind of case Cole can handle in his sleep—until it turns out to be a nightmare. For when Cole finds Nelsen's ex-wife in a small Connecticut town, she's nothing like he expects. She has some unwanted—and very nasty—mob connections, which means Elvis could be opening an East Coast branch of his P.I. office...at the bottom of the Hudson River. "Elvis [Cole] is the greatest . . . [he is] perhaps the best detective to come along since Travis McGee."—San Diego Tribune "[Crais is] far better at the private-eye-novel racket than most writers."—Newsweek

Stalking the Angel Sep 04 2020 Meet Elvis Cole, L.A. private eye . . . he quotes Jiminy Cricket and carries a .38. He's a literate, wisecracking Vietnam vet who is determined never to grow up. The blonde who walked into Cole's office was the bestlooking woman he'd seen in weeks. The only thing that kept her from rating a perfect "10" was the briefcase on one arm and the uptight hotel magnate on the other. Bradley Warren had lost something very valuable—something that belonged to someone else: a rare thirteenth-century Japanese manuscript called the Hagakure. Just about all Cole knew about Japanese culture he'd learned from reading Shogun, but he knew a lot about crooks—and what he didn't know his sociopathic sidekick, Joe Pike, did. Together their search begins in L.A.'s Little Tokyo and the nest of notorious Japanese mafia, the yakuza, and leads to a white-knuckled adventure filled with madness, murder, sexual obsession, and a stunning double-whammy ending. For Elvis Cole, it's just another day's work. Praise for *Stalking the Angel* "Stalking the Angel is a righteous California book: intelligent, perceptive, hard, clean."—James Ellroy "Out on the West Coast, where private eyes thrive like avocado trees, Robert Crais has created an interesting and amusing hero in Elvis Cole."—The Wall Street Journal "Devotees of the rock 'em, sock 'em school should find [Stalking the Angel] tasty."—The San Diego Union

Learning to Program with VISUAL BASIC Net Feb 09 2021 This is a true introductory programming book, appropriate for the first programming course. Most other books do not teach programming but teach the syntax of VB or highlight the "gee whiz" features of the VB interface. Visual Basic has been replacing COBOL as an introductory programming language for CIS/MIS students due to its ease of use and the near universal move to the Windows operating system. McKeown's text addresses the need for a text that offers an adequate balance between the demonstration of the Visual Basic interface and teaching programming logic that the student must know regardless of the language. The goal of this book is "to achieve a balance between demonstrating the power and excitement of Visual Basic and the need to teach traditional programming logic."
