Veteran naturalist L. L. Gaddy, Jr., shares his extensive knowledge of this scenic, biologically diverse region, which runs from North Carolina's Linville Gorge to Tallulah Gorge in Georgia, and offers practical advice on how to best experience its many rock pinnacles, deep ravines, wildflower coves, and spectacular waterfalls. Describing areas that range in size from less than fifty to more than ten thousand acres, Gaddy provides comprehensive information on well-known sites—Table Rock State Park, Caesar's Head State Park, Whiteside Mountain, Chimney Rock Park, and Raven Cliff Falls—along with many lesser-known areas—Wolf's Lair, Thompson River Gorge, Chattooga River Narrows, and Chauga River Gorge. For each location he outlines points of interest, flora and fauna (including rare plants and endangered wildlife), and other natural features. Gaddy supplements his entries with topographic maps and an introduction to the area in which he distinguishes the specific ecosystems of the gorge region from those found in the rest of the Blue Ridge.
