Student Workbook for Essentials of Dental Assisting - E-Book Jan 23 2022 Let this dynamic workbook help you better understand, practice, and apply the information in Essentials of Dental Assisting, 6th Edition. Within the workbook are three main sections: practice questions and exercises, competency sheets that outline the steps necessary to master each procedure in the main text, and removable flashcards that focus on key information for on-the-go study. New chapter questions and exercises for the online Interactive Dental Office case-based program provide enhanced practice and application. All workbook content is organized by chapter to make it easy for you to move back and forth from the main text and easily assimilate and apply content. Chapter-by-chapter correlation with textbook enables users to seamlessly move between the content in the main text and the competency sheets and exercises in the workbook. Chapter exercises utilize short answer, fill-in-the-blank, matching, and multiple-choice formats to help reinforce the learning outcomes, key terminology, and important concepts from the main text. Competency evaluation forms are included for all procedures, each outlining the performance objective, grading criteria, and steps necessary to master the procedure. Removable flashcards make it easy to review anywhere, anytime. Perforated pages allow users to remove exercises for classroom evaluation and competency forms for use in clinical evaluation settings. Updated practice questions help to better assess user performance and prepare for classroom and board exams. NEW! Interactive Dental Office sections in applicable chapters contain exercises related to the patients in this case-based online resource to help users assimilate content and apply it.

Student Workbook for Modern Dental Assisting - E-Book May 03 2020 Get the hands-on practice and reinforcement you need to master the concepts and skills covered in Modern Dental Assisting, 12th Edition. With chapters corresponding to the chapters in Bird & Robinson's bestselling textbook, this workbook features ample review questions and exercises, competency skills evaluation sheets for practice with dental assisting procedures, and case applications with questions. Applicable chapters also contain a review of video procedures located on the text's companion website, as well as original practice management exercises designed to be used with the Dentrux software that's included with the workbook. In all, it's the essential practice and review you need to succeed in clinical practice! Correlation with textbook chapters makes it easy to move back and forth between the two resources. Practice and review questions for each chapter include short answer, fill-in-the-blank, multiple-choice, and labeling questions to help reinforce your understanding of terminology and concepts. Competency skill checklists provide clear guidelines for performing each dental assisting skill and help you evaluate your strengths and weaknesses, with perforated pages so that you can detach individual skill sheets for use in clinical settings. Patient case exercises use patients on the companion Evolve website's Interactive Dental Office and include medical and dental histories, radiographs, and charting to help you solve problems relating to patient health issues. Video review sections visually reinforce your understanding of text material and help prepare you for patient encounters. Removable flashcards summarize key information about the sciences, medical emergencies, infection control, radiography, dental materials, dental instruments, and dental procedures, offering convenient, on-the-go review and exam preparation. Trusted expert authors Doni Bird and Debbie Robinson present information and procedures in a way that makes it easy for you to understand and apply the material. NEW! Content matches that in the text, addressing new technology, public health and access to care, teledentistry, Zika virus, Ebola, infection control guidelines, the oral-systemic health connection, and more. NEW! Anatomy and tooth morphology labeling exercises help you master key foundational content essential to dental assisting practice. NEW! Additional Dentrux practice management exercises have been added to the Dentrux Learning Edition software, enabling you to work with patient data much like you will in the office environment. NEW! Additional content supporting the dental assisting externship provides information and resources to support practicum.

The 6 Most Important Decisions You'll Ever Make Personal Workbook

Feb 09 2021 A hands-on companion workbook to the New York Times bestseller *The 6 Most Important Decisions You'll Ever Make*, now updated to include new information about technology and how it affects teens today. In *The 6 Most Important Decisions You'll Ever Make*, Sean Covey gives teens the advice they need to make informed decisions that will lead to long-term success and happiness. He shares guidance on the big issues in their lives, such as how to succeed in school, make good friends, get along with parents, wisely handle dating and sex, avoid or overcome addictions, build self-esteem, and much more. In this valuable workbook, Covey allows readers to practice and learn how to actually make those decisions with enhancing stories, exercises, advice, and practical wisdom that can be applied to real life. It also encourages teenagers to talk to their parents, their friends, and their role models about these important issues. This newly revised edition includes new material for the digital age and how social media and technology affects the 6 Decisions in today's world.
