Stolen Identity Mar 04 2020 Like most women, I was unaware that I was a victim of domestic violence. My husband had managed to diminish me through years of psychological and physical abuse and even through the use of drugs. However, despite being almost destroyed, I managed to rebuild my dignity and demonstrate my innocence. I loved my husband. I never imagined that he could harm me or that he would end up trying to destroy me. Nor did I think, when he started hurting me, that this could be intentional, since all the aggressors blame their victims. In my case, the victimization was so effective that, after each assault, I would recreate the incident to see what I had done to make my husband react in this way. This is my story, that of a battered and immigrant woman who found no way to escape or hide; A Catholic who believes in family and who fought to keep it for the good of her children. However, in the end, and precisely for them, she was forced to leave that vicious marriage to save herself and them. Carmen Maria Montiel

A Gospel Pageant Sep 02 2022 Revelation is a strange and puzzling book. Apart from the few who are endlessly fascinated by it, most of us are unsure what to do with it. And since it seems so different from the rest of the New Testament, perhaps the safest policy is to ignore it. But what if that meant losing something really important? What if Revelation turned out to be a powerful and gripping presentation of the same momentous news we find throughout the New Testament? If so, bypassing it will mean that our devotion and discipleship will fail to be as deep and robust as they should be. A gospel pageant? If that is what Revelation brings us, perhaps it is time to read it again! *Java in the 14th Century* Oct 03 2022 Essentially the following commentary on the contents of the Nāgara-Kertāgama has been made up from notes by former editors of the text together with remarks, criticisms and digressions by the present author. As Kern, Krom and their contemporaries were especially interested in dynastic history and archeology their notes on those subjects are legion, and as a result of their studies on many points a communis opinio has been reached. The argumentations which led up to this end are not reproduced in the present edition. The interested reader is referred to Krom's great books: *Oud-Javaansche Kunst* and *Hindoe-Javaansche Geschiedenis*. It is to be expected that before long the results of Krom's life-work will be made accessible for English readers by De Casparis. On the other hand cultural history, religion, economics and sociology have been rather neglected by the first editors of the Nāgara-Kertāgama. The present author has done his best to remedy that omission. The reader will find that the greater part of the following commentaries is concerned with those subjects. The contemporaneous minor texts and the charters that are published, translated and annotated in the present book in the same manner as the Nāgara-Kertāgama have been chosen almost exclusively for the valuable information on social, economic and religious conditions in the 14th century Majapahit realm that is afforded by them.

Black Stereotypes in Popular Series Fiction, 1851-1955 Feb 12 2021 Even well-meaning fiction writers of the late Jim Crow era (1900-1955) perpetuated racial stereotypes in their depiction of black characters. From 1918 to 1952, Octavus Roy Cohen turned out a remarkable 360 short stories featuring Florian Slappey and the schemers, romancers and ditzes of Birmingham's Darktown for *The Saturday Evening Post* and other publications. Cohen said, "I received a great deal of mail from Negroes and I have never found any resentment from a one of them." The black readership had to be satisfied with any black presence in the popular literature of the day. The best known white writers of black characters included Booth Tarkington (Herman and Verma in the *Penrod* books), Irvin S. Cobb (Judge Priest's houseman Jeff Poindexter), Roark Bradford (Widow Duck, the plantation matriarch), Hugh Wiley (Wildcat Marsden, the war veteran who traveled the country in the company of his goat) and Charles Correll and Freeman Gosden (radio's Amos 'n' Andy). These writers deservedly declined in the civil rights era, but left a curious legacy that deserves examination. This book, focusing on authors of series fiction and particularly of humorous stories, profiles 29 writers and their black characters in detail, with brief entries covering 72 others.

Why They Marched Jun 18 2021 A Times Higher Education Recommended Summer Read "An opportunity to celebrate a truly diverse cohort of first-wave feminist changemakers." —Ms. "Her cast of characters usefully illustrates the geographic, racial, religious, and socioeconomic range of the suffrage movement." —New Yorker "Looks at 19 activists from around the country...revealing that the movement was made up of a wider and much more diverse group than is typically noted in the history books." —Boston Globe For far too long, the story of how American women won the right to vote has been told as the tale of a few iconic leaders, all white and native born. But Susan Ware uncovered a much broader and more diverse story waiting to be told. *Why They Marched* is a tribute to the women who worked tirelessly across the nation, out of the spotlight, protesting, petitioning, and insisting on their right to full citizenship. Ware shows how race, class and religion divided the movement even as she celebrates unheralded African American, Mormon, and Jewish activists. The dramatic, often joyous experiences of these pioneering feminists resonate powerfully today, as a new generation of women demands to be heard.
