Thrand of Gotu Aug 24 2019 The two sagas of the Faroe Islanders and Greenlanders may be counted among the 'Sagas of Icelanders', though Icelanders play no part in the first and little in the second, and events in both are remote from Iceland. They may be so categorized on account of their style, which is that of sober history, and not less so when events that we would consider supernatural occasionally take place in them. Both have been assigned approximate dates of composition early in the thirteenth century, among the first sagas to have been written down, yet their narrative lines have the assurance of a fully developed art. Their stories are told with finesse, many events in Faroe Islanders are given a comic slant that seems sophisticated, and both have small casts and little clutter of genealogies. Thrand of Gotu, in Faroe Islanders, is the most fully developed character in either, and one of the more complex and memorable villains of European literature. This beautiful book is a celebration of an ancient tradition, skilfully rendered for modern audiences by respected poet and scholar George Johnston. Johnston's second book of sagas, The Schemers and Viga Glum, is also now available.

Island of the Mad Jun 22 2019 Laurie R. King's New York Times bestselling series featuring Mary Russell and Sherlock Holmes is "the most sustained feat of imagination in mystery fiction today" (Lee Child)! The last thing Mary Russell and her husband, Sherlock Holmes, need is to help an old friend with her mad, missing aunt. Lady Vivian Beaconsfield has spent most of her adult life in one asylum after another, since the loss of her brother and father in the Great War. Although her mental state seemed to be improving, she's now disappeared after an outing from Bethlem Royal Hospital . . . better known as Bedlam. Russell wants nothing to do with the case—but she can't say no. To track down the vanished woman, she must use her deductive instincts and talent for subterfuge—and enlist her husband's legendary prowess. Together, the two travel from the grim confines of Bedlam to the murky canals of Venice—only to find the shadow of Benito Mussolini darkening the fate of a city, an era, and a tormented English lady of privilege.
