Too Close to Home Jul 25 2019 “The night they killed our neighbors, we never heard a thing.” In a quiet suburban neighborhood, in a house only one door away, a family is brutally murdered for no apparent reason. And you think to yourself: It could have been us. And you start to wonder: What if we’re next? Linwood Barclay, critically acclaimed author of *No Time for Goodbye*, brings terror closer than ever before in a thriller where murder strikes in the place we feel safest of all. Promise Falls isn’t the kind of community where a family is shot to death in their own home. But that is exactly what happened to the Langleys one sweltering summer night, and no one in this small upstate New York town is more shocked than their next-door neighbors, Jim and Ellen Cutter. They visited for the occasional barbecue and their son, Derek, was friends with the Langleys’ boy, Adam; but how well did they really know their neighbors? That’s the question Jim Cutter is asking, and the answers he’s getting aren’t reassuring. Albert Langley was a successful, well-respected criminal lawyer, but was he so good at getting criminals off that he was the victim of revenge—a debt his innocent family also paid in blood? From the town’s criminally corrupt mayor to the tragic suicide of a talented student a decade before, Promise Falls has more than its share of secrets. And Jim Cutter, failed artist turned landscaper, need look no further than his own home and his wife Ellen’s past to know that things aren’t always what they seem. But not even Jim and Ellen are ready to know that

their son was in the Langley house the night the family was murdered. Suddenly the Cutters must face the unthinkable: that a murderer isn't just stalking too close to home but is inside it already. For the Langleys weren't the first to die and they won't be the last. Praise for *Too Close to Home* “[Linwood] Barclay knows how to put ordinary people into extraordinarily dangerous circumstances. . . .

Readers will zip through it with delight.”—Publishers Weekly “[An] affecting and effective thriller.”—Wall Street Journal Review

Taurus Moon: Relic Hunter Mar 25 2022 Taurus Moon is a relic hunter, but the artifacts he searches for aren't found in the jungles of the Yucatan or the deserts of Egypt. His quests often take him through the grittier parts of urbanized cities where even the toughest of thugs fear to tread. Forgotten relics once thought of as only myths and legends can be found, if you know where to look, and have the guts to go searching into dark and deadly places. Taurus Moon is hired by a vampire crime lord to locate an ancient artifact that would make the criminal a God. Even though Taurus is no fan of vampires, especially one aspiring to become a Deity, he does love money and despite his misgivings, he begins the treacherous hunt for the artifact. Things become more complicated when a rival crime lord hires a ruthless relic hunter who has no qualms about killing the competition.

The Deming Management Method Dec 10 2020 Whether you're the owner of our own small business, a middle manager in a mid-sized company, or the CEO of a multinational, this book can show you how to improve your profits and productivity. How? By following the principles of The Deming Management Method. Middle- and top-echelon managers in particular will find Dr. Deming's method provocative and controversial. He is for a total revamping of the way American managers manage. Some of his pet peeves are: managers who manage by slogans or by setting quotas, managers who don't know what their jobs are and who can't define the responsibilities of the workers under them, managers who tend to blame workers, not realizing that workers want to take pride in their

work. Change, Dr. Deming believes, starts at the top with an informed, quality-conscious management. This book includes excellent advice on how to achieve that level of management expertise in the author's analysis of Dr. Deming's famous 14 Points for Managers and his Deadly diseases of management. Dr. Deming's management techniques are all carefully explained in this detailed, step-by-step treatment of their major points and of their practical applications to everyday business life. A large portion of The Deming Management Method is devoted to practical applications of the method by some of America's most innovative firms, including Honeywell, AT&T and Campbell's Soup.

On a Ring and a Prayer Mar 01 2020 Twelve years of marriage, 4,000 square feet of dream house, and a handsome husband. Jessie Stanton has it all . . . until one fateful afternoon when she notices her BMW bouncing by the window behind a tow truck. Her husband has gone, and he's taken it all. The whirling tornado that cuts down the life she's built drops Jessie onto the sandy beach of Malibu with a thud, penniless and alone. When all she's left with are the designer labels in her closet and the dreamy Neil Lane rock on her finger, Jessie tries to make ends meet by pawning her prized ring to fund a new business venture: a small shop where her designer duds and shimmering accessories are temporarily leased out to Southern California women with champagne tastes but root beer realities. As Jessie tries to rebuild, she realizes she can't move on, not without answers. Reluctantly, Jessie turns to beach bum/private investigator Danny Callahan for help. But is she staking her future success and happiness . . . on a ring and a prayer?

Flexible Domiciles Aug 25 2019 Although the author and his wife have been anchored to their last address for the past seventeen years, the theme of this book is to not sink roots. It starts with a day-to-day narrative of travel in Europe while the author enjoyed the thrills and challenges of a year's sabbatical. After a tour of England and Scotland, he explores the continent: France, the BDR (West Germany), the DDR (E. Germany), Czechoslovakia (current Czech Republic), and Poland before settling in for the winter in the town of Rastatt (located in the German state of Baden-Württemberg, not far from the E. bank of the Rhine River). Resuming travel in the spring, he explores Spain and undertakes a brief foray into the North African state of Morocco. France, Switzerland, Italy, Greece, and Turkey follow. Returning via ferry, stops were made in the coastal towns of Croatia (Dubrovnik, Split-Zadar-Pag), finally covering Slovenia with its capital Ljubljana. The next section of the book is another adventure of sorts: designing and building your own dream home. In *Owner-Builder*, the author recounts the problems he encountered while he acted as his own contractor. Coordinating the various subcontractors to work together to get the job done, he gained experience that convinced him that he would not want to do it again. In the last stories in the book, the author concentrates on moving experiences. *Leaving Quail Ridge* is about selling his dream home, and *Finding Liquid Amber* details the adventures of landing at his current domicile in Irvine, California. Stitched together, these stories weave tales of reality that grab your attention like few others.
