*The Byzantine World* Aug 23 2019 The Byzantine World presents the latest insights of the leading scholars in the fields of Byzantine studies, history, art and architectural history, literature, and theology. Those who know little of Byzantine history, culture and civilization between AD 700 and 1453 will find overviews and distillations, while those who know much already will be afforded countless new vistas. Each chapter offers an innovative approach to a well-known topic or a diversion from a well-trodden path. Readers will be introduced to Byzantine women and children, men and eunuchs, emperors, patriarchs, aristocrats and slaves. They will explore churches and fortifications, monasteries and palaces, from Constantinople to Cyprus and Syria in the east, and to Apulia and Venice in the west. Secular and sacred art, profane and spiritual literature will be revealed to the reader, who will be encouraged to read, see, smell and touch. The worlds of Byzantine ceremonial and sanctity, liturgy and letters, Orthodoxy and heresy will be explored, by both leading and innovative international scholars. Ultimately, readers will find insights into the emergence of modern Byzantine studies and of popular Byzantine history that are informative, novel and unexpected, and that provide a thorough understanding of both.

**macOS Mojave: The Missing Manual** Oct 05 2020 Answers found here! Apple's latest Mac software, macOS Mojave, is a glorious boxcar full of new features and refinements. What's still not included, though, is a single page of printed instructions. Fortunately, David Pogue is back, delivering the expertise and humor that have made this the #1 bestselling Mac book for 18 years straight. The important stuff you need to know Big-ticket changes. The stunning new Dark Mode. Self-tidying desktop stacks. FaceTime video calls with up to 32 people. New screen-recording tools. If Apple has it, this book covers it. Apps. This book also demystifies the 50 programs that come with the Mac, including the four new ones in Mojave: News, Stocks, Home, and Voice Memos. Shortcuts. This must be the tippiest, trickiest Mac book ever written. Undocumented surprises await on every page. Power users. Security, networking, remote access, file sharing with Windows—this one witty, expert guide makes it all crystal clear. macOS Mojave gives the Mac more polish, power, and pep— and in your hands, you hold the ultimate guide to unlocking its potential.

*Greek and Roman Military Manuals* Jan 08 2021 This volume explores the enigmatic primary source known as the ancient military manual. In particular, the volume explores the extent to which these diverse texts constitute a genre (sometimes unsatisfactorily classified as 'technical literature'), and the degree to which they reflect the practice of warfare. With contributions from a diverse group of scholars, the chapters examine military manuals from early Archaic Greece to the Byzantine period, covering a wide range of topics including readership, siege warfare, mercenaries, defeat, textual history, and religion. Coverage includes most of the major contemporary siege manual writers, including Xenophon, Frontinus, Vegetius, and Maurice. Close examination of these texts serves to reveals the complex ways in which ancient Greeks, Romans, and Byzantines sought to understand better, and impose order upon, the seemingly irrational phenomenon known as war. Providing insight into the multifaceted collection of texts that constituted military manuals, this volume is a key resource for students and scholars of warfare and military literature in the classical and Byzantine periods.

**Chinese Martial Arts Training Manuals** Oct 29 2022 Secret training manuals, magic swords, and flying kung fu masters—these are staples of Chinese martial arts movies and novels, but only secret manuals have a basis in reality. Chinese martial arts masters of the past did indeed write such works, along with manuals for the general public. This collection introduces Western readers to the rich and diverse tradition of these influential texts, rarely available to the English-speaking reader. Authors Brian Kennedy and Elizabeth Guo, who coauthor a regular column for Classical Fighting Arts magazine, showcase illustrated manuals from the Ming Dynasty, the Qing Dynasty, and the Republican period. Aimed at fans, students, and practitioners, the book explains the principles, techniques, and forms of each system while also placing them in the wider cultural context of Chinese martial arts. Individual chapters cover the history of the manuals, Taiwanese martial arts, the lives and livelihoods of the masters, the Imperial military exams, the significance of the Shaolin Temple, and more. Featuring a wealth of rare photographs of great masters as well as original drawings depicting the intended forms of each discipline, this book offers a multifaceted portrait of Chinese martial arts and their place in Chinese culture.

Wirtschaftsinformatik, Note: 2,7, Fachhochschule Bonn-Rhein-Sieg in Sankt Augustin, Sprache: Deutsch, Abstract: Längst sind Bedienungsanleitungen nicht mehr die einzige Informationsquelle zu einem gekauften Produkt. Das Wissen um eine Marke, ein Unternehmen oder ein Produkt wird heutzutage viral über die mit den Web 2.0 aufgekommenen Plattformen verteilt, diskutiert und analysiert. Währenddessen blieb die Definition einer Bedienungsanleitung stets dieselbe: „eine schriftliche Anleitung zur sicheren Verwendung eines Gerätes“, welche rein zum Konsumieren vorgesehen ist. Doch mit Hilfe neuer Technologien und neuer Systeme können Bedienungsanleitungen erzeugt werden, bei denen der Nutzer mit der Anleitung interagieren kann. Verknüpft man dies noch mit den Prinzipien, welche das World Wide Web bietet, eröffnet man sowohl für den Nutzer als auch für Unternehmen eine neue Art der direkten Kommunikation untereinander. Die vorliegende Arbeit untersucht zunächst, welche aktuellen Technologien und Systeme in diesem Erstellungsprozess vorzusehen sind. Der Fokus hierbei liegt auf dem Content Management System und der @boox Android und iOSApp, entwickelt von Studenten der Hochschule Bonn-Rhein-Sieg. Außerdem gilt es zu identifizieren, wer an der Erstellung dieses Dokuments in welcher Art beteiligt sein muss. Anschließend wird der Fokus darauf gelegt, wie ein Nutzer mit dem Manual interagieren kann und welcher Mehrwert dadurch für den Nutzer, den Ersteller des Manuals und das Unternehmen, welches das Produkt hergestellt hat, erzeugt werden kann.

**Dogen's Manuals of Zen Meditation** Dec 19 2021 Zen Buddhism is perhaps best known for its emphasis on meditation, and probably no figure in the history of Zen is more closely associated with meditation practice than the thirteenth-century Japanese master Dogen, founder of the Soto school. This study examines the historical and religious character of the practice as it is described in Dogen's own meditation texts, introducing new materials and original perspectives on one of the most influential spiritual traditions of East Asian civilization. The Soto version of Zen meditation is known as "just sitting," a practice in which, through the cultivation of the subtle state of "nonthinking," the meditator is said to be brought into perfect accord with the higher consciousness of the "Buddha mind" inherent in all beings. This study examines the historical and religious character of the practice as it is described in Dogen's own meditation texts, introducing new materials and original perspectives on one of the most influential spiritual traditions of East Asian civilization.

**Merkmale und Erfolgsfaktoren von Corporate Design Manuals** Apr 23 2022 Bachelorarbeit aus dem Jahr 2010 im Fachbereich Medien / Kommunikation - Multimedia, Internet, neue Technologien, Note: 1, Technische Universität Wien (Vienna University of Technology), Veranstaltung: Corporate Design, Sprache: Deutsch, Abstract: Die Notwendigkeit der einheitlichen und individuellen visuellen Erscheinung eines Unternehmens, auch „Corporate Design“ genannt, ist ein zunehmend wichtig werdender Erfolgsfaktor. Die visuelle Vermittlung der Firmen-Identität, besser bekannt als „Corporate Identity“, erlaubt es, sich in einem meist übersättigten Markt, gegenüber Konkurrenten abzuheben. In Folge dessen werden alle visuellen Gestaltungsformen nach bestimmten Regeln und Richtlinien, welche von Designern in einem „Corporate Design Manual“ zusammengefaßt werden, gestaltet. Umso klarer und unmißverständlicher die beinhalteten Komponenten in diesem Handbuch definiert werden, desto einfacher und konsequenter kann ein Erscheinungsbild realisiert werden. Ziel dieser Arbeit ist, die wesentlichsten theoretischen Aspekte, Anforderungen und Besonderheiten dieser Materie zu erörtern, aber auch grundlegende Design-Anwendungen wie z.B. Geschäftsausstattung aufzuzeigen und dessen praktischen Gebrauch zu verstehen. Das Hauptaugenmerk liegt jedoch bei der qualitativen, aber auch quantitativen Analyse sämtlicher Corporate Design Manuals, unterschiedlichster Unternehmen. Der theoretische Teil geht dabei auf Definitionen elementarer Termini, geschichtliche Hintergründe, aber auch auf die Darlegung der vier konstanten Gestaltungsformen ein. Der analytische Teil dieser Arbeit untersucht Corporate-Design-Manuals auf das Vorhandensein wichtiger Bestandteile, wobei einige auch auf Qualität bewertet werden. Aus diesen Daten und weiteren Recherchen wurde im letzten Schritt ein Best-Practice-Manual erstellt, welches in drei Ausbaustufen untergliedert wurde.

**The Oxford Handbook of Clinical Psychology** Oct 25 2019 The exponential growth of clinical psychology since the late 1960s can be measured in part by the extensive literature on the subject. The field has come to be defined as much by its many topics as its many voices. The Oxford Handbook of Clinical Psychology synthesizes these decades of literature in one volume. In addition to core sections on topics such as training, assessment, diagnosis, and intervention, the handbook includes chapters devoted to emerging issues in the clinical field, including health care reforms, cultural factors, and technological innovations and challenges. Each chapter offers a review of the most pertinent literature, outlining issues and identifying possibilities for future research.
