Practical Liferay Apr 17 2021 Liferay Portal is the leading open-source enterprise portal framework that uses Java and Web 2.0 technologies. Web portals often function as a point of access to information on the World Wide Web. Web portals, such as Yahoo!, present information from diverse sources in a unified way. Aside from the search engine standard, web portals offer other services such as e-mail, news, stock prices, infotainment, and various other features. Portals provide a means for enterprises to supply a consistent look and feel with access control and procedures for multiple applications that otherwise would have been separate entities altogether. So, how do developers bring existing applications, as well as integrate content management systems and search engines, into a portal? And how do developers get started with the Liferay Portal engine? In Practical Liferay: Java-based Portal Applications Development, Dr. Poornachandra Sarang answers these questions and more. This book is for those who want to learn how to use Liferay to develop vertical or company-specific web portals and beyond. The book will serve as a practical guide to learning Liferay and developing real-world web portals.

The Chakra Energy System Mar 29 2022 What is a Chakra? A chakra is a gathering of like energy that forms into a cone shape and resides within the seven major cavities of the physical body. Each body cavity has its own energy field and in that energy field resides a major chakra center. Each major chakra center processes energy. This energy supports the organs associated with its particular body cavity. Each chakra center inter-communicates with all the chakra centers and comprises the comprehensive chakra energy system. The chakra energy system overall supports the wellness of the spiritual energy field. The spiritual energy field works in conjunction with the physical body. Together, these are the elements that support the body-mind-spirit connection, which in turn, brings wellness and the potential to live an empowered life.
