The A to Z of Fantasy

Literature Jan 28 2020 Once
upon a time all literature was
fantasy, set in a mythical past

when magic existed, animals
talked, and the gods took an
active hand in earthly affairs.
As the mythical past was
displaced in Western
estimation by the historical
past and novelists became
increasingly preoccupied with
the present, fantasy was
temporarily marginalized until
the late 20th century, when it
enjoyed a spectacular
resurgence in every stratum of
the literary marketplace.
Stableford provides an
invaluable guide to this
sequence of events and to the
current state of the field. The
chronology tracks the evolution
of fantasy from the origins of
literature to the 21st century.
The introduction explains the
nature of the impulses creating
and shaping fantasy literature,
the problems of its definition
and the reasons for its
changing historical fortunes.
The dictionary includes cross-
referenced entries on more
than 700 authors, ranging
across the entire historical
spectrum, while more than 200
other entries describe the
fantasy subgenres, key images

in fantasy literature, technical terms used in fantasy criticism, and the intimately convoluted relationship between literary fantasies, scholarly fantasies, and lifestyle fantasies. The book concludes with an extensive bibliography that ranges from general textbooks and specialized accounts of the history and scholarship of fantasy literature, through bibliographies and accounts of the fantasy literature of different nations, to individual author studies and useful websites.

Nebula Dream Trilogy Dec 27 2019 Welcome to the story of the greatest interstellar cruise liner disaster of all time (“Titanic in Space” as the Galaxy Express Blog termed it), one small group of survivors and what befell them in later years, as told in three novels. This box set gathers three of Veronica Scott’s award winning science fiction novels into one collection. Please note each novel has been previously published on its own and all can be read as standalone tales. **WRECK OF THE NEBULA DREAM:** Traveling unexpectedly aboard the luxury liner *Nebula Dream* on its maiden voyage across the galaxy, Sectors Special Forces Captain Nick Jameson is ready for ten relaxing days, and hoping to forget his last disastrous mission behind enemy lines. He figures he’ll gamble at the casino, take in the shows, maybe even have a shipboard fling with Mara Lyrae, the beautiful but reserved businesswoman he

meets. All his plans vaporize when the ship suffers a wreck of Titanic proportions. Captain and crew abandon ship, leaving the 8000 passengers stranded without enough lifeboats and drifting unarmed in enemy territory. (This novel was loosely inspired by the events of the 1912 sinking of the *Titanic* on Earth but set in the far future, in space.) **STAR SURVIVOR:** The survivors of a terrible wreck meet again—but this time only one can survive. The long-awaited sequel to *The Wreck of the Nebula Dream*...They survived an iconic spaceship wreck together. She never expected to see him again ... especially not armed to kill her. Twilka Zavour is an interstellar celebrity. She built on her notoriety as a carefree Socialite who survived the terrible wreck of the *Nebula Dream*, and launched a successful design house. But now the man who gave meaning to her life, then left her, is back—this time for the worst of reasons. Will he kill her ... or help her survive?

D'nvannaë Brother Khevan survived the Nebula Dream in the company of a lovely, warm woman, only to be pulled away from her, back into his solitary life in the service of the Red Lady. Now Twilka's within his reach again—for all the wrong reasons. Khevan will do everything within his power to discover why Twilka has been targeted for assassination, and to save her. But Khevan is not Twilka's only pursuer. Will allies Nick and Mara Jameson arrive in time to aid the couple, or will Khevan and Twilka's ingenuity be all that stands between them and death?
