A Handbook on Teaching & Research Aptitude (General Paper -I of UGC-NET/SET/JRF & PET Exams) Apr 12 2021 Preface UGC NET exam pattern 2022 has been released by National Testing Agency (NTA) along with the official notification. As per the UGC NET 2022 exam pattern, the exam consists of two papers- Paper 1 and Paper 2. Both papers are comprised of objective-type multiple-choice questions (MCQs). There is no break between Paper 1 and 2. The exam will be conducted in Computer Based Test (CBT) mode. The medium of the UGC NET question paper is in English and Hindi languages only. Till

December 2018, the UGC NET exam pattern was such that the test consisted of two papers (Paper 1 and 2) that were conducted in two different sessions. Candidates had to complete both the papers (Paper 1 and 2) in a duration of one and two hours, respectively. However, in June 2019, NTA changed the exam pattern as per which candidates now have to give both the papers in a single three-hour duration. In UGC NET Paper 1, the official website of NTA informs, "The questions will be generic in nature, intending to assess the teaching/research aptitude of the candidate. It will primarily be designed to test reasoning ability, comprehension, divergent thinking and general awareness of the candidate." This book 'A Handbook for General Paper on Teaching & Research Aptitude (Paper -I) of UGC-NET & PET Exams: A Crash Course for all Aspiring Students' (For All 101 Subjects) is an outcome of not just efforts from the authors, but contributions by many Research Scholars. It demands honesty about our research design and our perspectives, so that others can understand not just the research we have produced, but something about the way in which we have produced it. When carrying out research it is all too easy to become embroiled in our own research questions and objectives, so that when it comes to presenting our research we forget about situating it within the wider body of knowledge. For the lack of proper knowledge, many people find it difficult to writing up their paper. This book is intended to help you organize and write a quality research paper for Social Sciences. This book also gives you the idea about research design.
