The Testing Trap Aug 08 2020 Do statewide assessments really do what they are supposed to do? Through interviews with over three hundred teachers and administrators, Hillocks examines whether state writing tests in Illinois, Kentucky, Oregon, New York, and Texas actually improve students' ability to express their thinking in writing. Ultimately, Hillocks argues that the majority of existing tests actually have a harmful effect on the way students are taught to write. In addition to providing analyses of assessments that do not encourage good writing, The Testing Trap contrasts them to those that do. Concluding with practical procedures for examining and evaluating writing assessments, this book is a provocative and essential read for administrators, teachers, policymakers, parents, and all who care about the education of our children.

The Better Writing Breakthrough Jul 19 2021 Every teacher knows the challenge of trying to engage reluctant readers and struggling writers—students whose typical response to a writing prompt is a few sentence fragments scribbled on a sheet of paper followed by an elaborate shrug of the shoulders. The best way to engage less confident readers and writers is to give them something powerful to think about. The Discourse and Writing Cycle explores writing as a means to focus student thinking, fuel deeper learning, and build complex understanding in English, social studies, math, and science. This field-tested approach from well-respected experts Eleanor Dougherty, Laura Billings, and Terry Roberts is designed for use in grades 4–12. The book explores the three interrelated sequences of the cycle—the Discourse Sequence, the Transition to Writing Sequence, and the Writing Sequence—and includes classroom examples and sample lesson plans from across the content

areas. The cycle will inspire you as a teacher and help you to inspire your students to write with confidence and competence. “How often we dim or extinguish the creative sparks that can come from good writing! William Butler Yeats proclaimed that ‘Education is not the filling of a pail, but the lighting of a fire.’ This book lights the fire for the teaching of writing.” —John Hattie, author of the Visible Learning books *Rise & Shine Staar Prep Grade 7 Writing* Jun 17 2021 These workbooks are designed to equip your 4th-grade and 7th-grade students with the skills they'll need for success on the writing portion of the STAAR test. As part of each exercise, students are urged to prewrite and are given space in which to organize their thoughts before writing. A checklist in each prompt helps students focus on the important elements of good writing as they are completing the prompts. Teacher Editions contain STAAR objectives and scoring rubrics. Nowhere will you find more extensive preparation for the STAAR Writing Assessment! (Grades 4 and 7) For students who are working below grade level, Rise & Shine STAAR Writing is available in an ungraded version - Mastering Texas Writing

Real Writing Jun 05 2020 High-school writing prompts often ask students to provide overly simplified responses to complicated issues, but a person's stance in the real world can rarely, if ever, be reduced to "agree or disagree." Arguments are complex, with more than two points of view and a range of evidence to consider; however, writing classes don't always embrace that complexity. *Real Writing: Modernizing the Old School Essay* contends that engaging fully with complex texts and difficult, nuanced arguments helps students become better thinkers and writers, more fully prepared for life both in and after high school.
