Just exercise just what we have the funds for under as capably as review Chapter 11 Guided Reading The Civil War Begins Answers what you like to read!

[Brothers in Gray](#) Jul 29 2019 Residents of antebellum northwest Louisiana held strong pro-Union sentiments, and the Pierson family of Bienville Parish, Louisiana, were no exception, opposing secession in 1861. Yet once war began, the region contributed its full share of support to the southern army, and four of William H. Pierson's eight sons enlisted. Ranging from the early battles of the Trans-Mississippi to the epic battles of the Army of Northern Virginia, and from the brutal trenches of Vicksburg to provost guard duty in north Louisiana, this extensive collection of Civil War letters, written by three of the Pierson brothers, offers riveting glimpses of almost every variety of experience faced by Confederate soldiers. Prolific letter writers, the Piersons were educated, observant, and well placed to comment not only on the battles and campaigns of their regiments but also on their commanding officers, the effect of political activity on soldier morale, being taken captive, and, most of all, their entire family's understanding of and commitment to the Confederate cause.

[The Hour of Our Nation's Agony](#) Mar 17 2021 The Hour of Our Nation's Agony offers a revealing look into the life of a Confederate soldier as he is transformed by the war. Through these literate, perceptive, and illuminating letters, readers can trace Lt. William Cowper Nelson's evolution from an idealistic young soldier to a battle-hardened veteran. Nelson joined the army at the age of nineteen, leaving behind a close-knit family in Holly Springs, Mississippi. He served for much of the war in the Third Corps of Robert E. Lee's Army of Northern Virginia. By the end of the conflict, Nelson had survived many major battles, including Fredericksburg, Chancellorsville, Gettysburg, and the Wilderness, as well as the long siege of Petersburg. In his correspondence, Nelson discusses in detail the soldier's life, religion in the ranks, his love for and heartbreak at being separated from his family, and Southern identity. Readers will find his reflections on slavery, religion, and the Confederacy particularly revealing. Seeing and participating in the slaughter of other human beings overpowered Nelson's romantic idealism. He had long imagined war as a noble struggle of valor, selflessness, and glory. But the sight of wounded men with "blood streaming from their wounds," dying slow, lonely deaths showed Nelson the true nature of war. Nelson's letters reveal the conflicting emotions that haunted many soldiers. Despite his bitter hatred of the "ruthless invaders of our beloved South," the sight of wounded Union prisoners moved him to compassion. Nelson's ability to write about irreconcilable moments when he felt both kindness and cruelty toward the enemy with introspection, candor, and sensitivity makes The Hour of Our Nation's Agony more than just a collection of missives. Jennifer Ford places Nelson squarely in the middle of the historiographic debate over the degree of disillusionment felt by Civil War soldiers, arguing that Nelson-like many soldiers-was a complex individual who does not fit neatly into one interpretation. Jennifer W. Ford is head of special collections and associate professor at the J. D. Williams Library at the University of Mississippi, where the where the collection containing Lt. Nelson's letters and other family documents is held.

[Fateful Lightning](#) Jun 19 2021 Fateful Lightning is a mid-length survey of the American Civil War. In this revision of his 1994 The Crisis of the American Republic, leading Civil War scholar Allen C. Guelzo covers a broad range of topics, including politics, religion, gender, race, diplomacy, and technology. Unlike other Civil War surveys, the book concludes with substantial coverage of the postwar Reconstruction and the modern-day legacy of the Civil War in American literature and popular culture.

[Gangrene and Glory](#) Sep 30 2019 Dealing with the civil war, this title takes a close look at the battlefield doctors in whose hands rested the lives of thousands of Union and Confederate soldiers. It also examines the impact on major campaigns - Manassas, Gettysburg, Vicksburg, Shiloh, Atlanta - of ignorance, understaffing, inexperience, and overcrowded hospitals.

[The First Battles](#) Feb 02 2020 Uses a variety of contemporary materials to describe and illustrate the early battles in the Civil War from the firing on Fort Sumter in April 1861 to the conflict at Fredericksburg at the end of 1862.

[The American Civil War](#) Mar 29 2022 The greatest military historian of our time gives a peerless account of America's most bloody, wrenching, and eternally fascinating war. In this magisterial history and national bestseller, John Keegan shares his original and perceptive insights into the psychology, ideology, demographics, and economics of the American Civil War. Illuminated by Keegan's knowledge of military history he provides a fascinating look at how command and the slow evolution of its strategic logic influenced the course of the war. Above all, The American Civil War gives an intriguing account of how the scope of the conflict combined with American geography to present a uniquely complex and challenging battle space. Irresistibly written and incisive in its analysis, this is an indispensable account of America's greatest conflict.

[A Separate Battle](#) Jul 09 2020 An account of the roles of women in the American Civil War--as nurses, spies, volunteers,

and soldiers.

Battle Tactics of the Civil War Mar 05 2020 Military expert Paddy Griffith argues that despite the use of new weapons and of trench warfare techniques, the Civil War was in reality the last Napoleonic-style war. Illustrations.

The Town That Started the Civil War Jun 27 2019 On a crisp autumn day in Ohio, 1858, two Kentucky slave hunters were closing in on a runaway slave named John Price. Federal law said they had the right to bring the man back across state lines. But to the people of Oberlin, Ohio, the law was wrong -- and they were willing to prove it with their sweat and blood.

Honoring the Civil War Dead Jan 15 2021 The Milly, Molly series of books are written for children between the ages of four and eight. The stories relate the adventures of two little girls from different ethnic backgrounds and promote the acceptance of diversity and the learning of life skills.

How the North Won Jul 01 2022 A description of the military operations of the Civil War includes analyses of the leadership and strategies of both sides of the conflict

The Civil War Sep 10 2020 A handy yet comprehensive chronology of the Civil War that covers key commanders, campaigns, political maneuvers and figures, as well as lesser episodes and partisan activities.

Battles and Leaders of the Civil War Feb 13 2021

For Cause and Comrades Dec 26 2021 General John A. Wickham, commander of the famous 101st Airborne Division in the 1970s and subsequently Army Chief of Staff, once visited Antietam battlefield. Gazing at Bloody Lane where, in 1862, several Union assaults were brutally repulsed before they finally broke through, he marveled, "You couldn't get American soldiers today to make an attack like that." Why did those men risk certain death, over and over again, through countless bloody battles and four long, awful years? Why did the conventional wisdom -- that soldiers become increasingly cynical and disillusioned as war progresses -- not hold true in the Civil War? It is to this question--why did they fight--that James McPherson, America's preeminent Civil War historian, now turns his attention. He shows that, contrary to what many scholars believe, the soldiers of the Civil War remained powerfully convinced of the ideals for which they fought throughout the conflict. Motivated by duty and honor, and often by religious faith, these men wrote frequently of their firm belief in the cause for which they fought: the principles of liberty, freedom, justice, and patriotism. Soldiers on both sides harkened back to the Founding Fathers, and the ideals of the American Revolution. They fought to defend their country, either the Union--"the best Government ever made"--or the Confederate states, where their very homes and families were under siege. And they fought to defend their honor and manhood. "I should not like to go home with the name of a coward," one Massachusetts private wrote, and another private from Ohio said, "My wife would sooner hear of my death than my disgrace." Even after three years of bloody battles, more than half of the Union soldiers reenlisted voluntarily. "While duty calls me here and my country demands my services I should be willing to make the sacrifice," one man wrote to his protesting parents. And another soldier said simply, "I still love my country." McPherson draws on more than 25,000 letters and nearly 250 private diaries from men on both sides. Civil War soldiers were among the most literate soldiers in history, and most of them wrote home frequently, as it was the only way for them to keep in touch with homes that many of them had left for the first time in their lives. Significantly, their letters were also uncensored by military authorities, and are uniquely frank in their criticism and detailed in their reports of marches and battles, relations between officers and men, political debates, and morale. For Cause and Comrades lets these soldiers tell their own stories in their own words to create an account that is both deeply moving and far truer than most books on war. Battle Cry of Freedom, McPherson's Pulitzer Prize-winning account of the Civil War, was a national bestseller that Hugh Brogan, in The New York Times, called "history writing of the highest order." For Cause and Comrades deserves similar accolades, as McPherson's masterful prose and the soldiers' own words combine to create both an important book on an often-overlooked aspect of our bloody Civil War, and a powerfully moving account of the men who fought it.

Turning Points of the Civil War Aug 10 2020

Louisiana Sugar Plantations During the Civil War Nov 12 2020 This early work by the esteemed historian Charles P. Roland draws from an abundance of primary sources to describe how the Civil War brought south Louisiana's sugarcane industry to the brink of extinction, and disaster to the lives of civilians both black and white. A gifted raconteur, Roland sets the scene where the Louisiana cane country formed "a favored and colorful part of the Old South," and then unfolds the series of events that changed it forever: secession, blockade, invasion, occupation, emancipation, and defeat. Though sugarcane survived, production did not match prewar levels for twenty-five years. Roland's approach is both illustrative of an earlier era and remarkably seminal to current emancipation studies. He displays sympathy for plantation owners' losses, but he considers as well the sufferings of women, slaves, and freedmen, yielding a rich study of the social, cultural, economic, and agricultural facets of Louisiana's sugar plantations during the Civil War.

Timeline of the Civil War Oct 12 2020 Presents a timeline of the Civil War, including causes of the conflict, the life of soldiers on both sides, and the end of the war.

The Civil War Apr 29 2022 "3 story paths, 47 choices, 20 endings"--Cover.

Windows to the Past Dec 02 2019 Driven by passionate philosophy, not conquest and power, civil wars are radically different from all others. They tear mercilessly at the very fabric of families and leave a landscape littered with not just the dead but the shattered hopes and dreams of hundreds of thousands. Still, though civil wars bring out the worst in the human psyche, they raise a person to heights he once viewed as unattainable. In 1861, the North and the South were divided. The Southern states seceded from the Union, and the Confederacy was born. Racism and social discrimination thrived, as slavery was still legal and thought to be a fundamental right in Southern culture. Many men found themselves entangled in the mayhem of this divide, and Bobby Sullivan, a young man from Virginia, was one of them. Growing up, Bobby was considered Southern gentry. His family was respected in their community, and although the Sullivans were opposed to slavery, they upheld many other Southern customs and principles regarding state's rights. As the winds of secession blow through the South, the Sullivan family struggles with the reality of impending war that threatens to drive a divisive wedge between Bobby, his father and uncles while thrusting his mother into the depths of despair. Initially, Bobby objects to secession, creating a rift within his family. However, eventually, Bobby begrudgingly yields to his father's desire and joins the Confederate cause. Within the ranks of the Confederate Army of Northern Virginia, Bobby witnesses numerous examples of courage and dedication, but, also bloodshed and loss that haunt him for the rest of his life. With each battle, beginning with the First Battle of Manassas through Appomattox Courthouse, Bobby confronts the miasma of rotting flesh emanating from the mangled corpses of the dead. Still, interwoven through the horrors of war are several levels of a love story. Childhood sweethearts become soul mates, a schoolboy friendship endures despite the scorn and ridicule of others, and the bonds of family love are sustained through each member's strength. Told against the violent backdrop of the American Civil War, Windows to the Past: A Virginian's Experience in the Civil War is one man's journey toward redemption for the trauma he inflicted and the failings of his distant past. It exposes life lessons that hold just as much truth today as they did over 150 years ago. In the end, the reader will be asked to answer a single question: Did Bobby truly make a difference in the lives of those he encountered? The answer is as heartwarming as it is surprising.

Slavery, Civil War, and Reconstruction, Grades 6 - 12 Jan 03 2020 Bring history to life for students in grades 6–12 using Slavery, Civil War, and Reconstruction. This 128-page book is perfect for independent study or use as a tutorial aid. It explores history, geography, and social studies with activities that involve critical thinking, writing, and technology. The book includes topics such as slavery, the Civil War, the Reconstruction, the Fugitive Slave Law, Dred Scott, Lincoln's presidency, the Freedman's Bureau, and Jim Crow laws. It also includes vocabulary words, time lines, maps, and reading lists. The book supports NCSS standards and aligns with state, national, and Canadian provincial standards.

After the Civil War Feb 25 2022 Returning to the turbulent days of a nation divided, best-selling author and acclaimed historian James Robertson explores 70 fascinating figures who shaped America during Reconstruction and beyond. Relentless politicians, intrepid fighters, cunning innovators—the times called for bold moves, and this resilient generation would not disappoint. From William Tecumseh Sherman, a fierce leader who would revolutionize modern warfare, to Thomas Nast, whose undefeatable weapon was his stirring cartoons, these are the people who weathered the turmoil to see a nation reborn. Following these extraordinary legends from the battle lines to the White House, from budding metropolises to the woolly west, we re-discover the foundation of this great country.

The Civil War Nov 05 2022 Period prints, photographs, and documents accompany this penetrating examination of the political, military, and social aspects of the War Between the States, tracing the conflict from the earliest divisions between North and South to the final surrender of Confederate troops and its aftermath. Reprint.

LIFE Explores The Civil War: Generals in the Field May 07 2020 It was a four-year struggle for the survival of a nation and for its soul, in which 620,000 Americans died largely over the question of whether human beings could be owned as property, and a state's right to secede from the union. From the early days of the conflict through the collapse of the Confederacy, this LIFE Explores special edition highlights the Civil War's legendary battles and brings a particular focus to many of the generals, including Ulysses S. Grant, Robert E. Lee, & "Stonewall" Jackson, William Tecumseh Sherman and other generals, celebrated and obscure, who led North and South to victory and defeat.

Tariffs, Blockades, and Inflation Dec 14 2020 What role did economics play in leading the United States into the Civil War in the 1860s, and how did the war affect the economies of the North and the South? Tariffs, Blockades, and Inflation uses contemporary economic analyses such as supply and demand, modern market theory, and the economics of politics to interpret events of the Civil War. Simplifying the sometimes complex intricacies of the subject matter, Thornton and Ekelund have penned a nontechnical primer that is jargon-free and accessible. Tariffs, Blockades, and Inflation also takes a comprehensive approach to its topic. It offers a cohesive and a persuasive explanation of the how, what, and why behind the many factors at work on both sides of the contest. While most books only delve into a particular aspect of the war, this title effectively bridges the gap by offering an all-encompassing, yet relatively brief, introduction to the essential economics of the Civil War. This book starts out with a look at the reasons for the beginning of the Civil War, including explaining why the war began when it did. It then examines the economic realities in both the North and South. Also covered are the different financial strategies implemented by both the Union and the Confederacy to fund the war and the reasons behind what ultimately led to Southern defeat. Finally, the economic effect of Reconstruction is discussed, including the impact it had on the former slave population. Thornton and Ekelund have contributed an overdue examination of the Civil War that will impart to students a modern way to better comprehend the conflict. Tariffs, Blockades, and Inflation offers fresh, penetrating insights into this pivotal event in American history.

Smithsonian Civil War May 31 2022 Smithsonian Civil War is a lavishly illustrated coffee-table book featuring 150 entries in honor of the 150th anniversary of the Civil War. From among tens of thousands of Civil War objects in the Smithsonian's collections, curators handpicked 550 items and wrote a unique narrative that begins before the war through the Reconstruction period. The perfect gift book for fathers and history lovers, Smithsonian Civil War combines one-of-a-kind, famous, and previously unseen relics from the war in a truly unique narrative. Smithsonian Civil War takes the reader inside the great collection of Americana housed at twelve national museums and archives and brings historical gems to light. From the National Portrait Gallery come rare early photographs of Stonewall Jackson and Ulysses S. Grant; from the National Museum of American History, secret messages that remained hidden inside Lincoln's gold watch for nearly 150 years; from the National Air and Space Museum, futuristic Civil War-era aircraft designs. Thousands of items were evaluated before those of greatest value and significance were selected for inclusion here. Artfully arranged in 150 entries, they offer a unique, panoramic view of the Civil War.

The Memory of the Civil War in American Culture Sep 03 2022 The Civil War retains a powerful hold on the American imagination, with each generation since 1865 reassessing its meaning and importance in American life. This volume collects twelve essays by leading Civil War scholars who demonstrate how the meanings of

Lincoln's Citadel: The Civil War in Washington, DC Oct 24 2021 The stirring history of a president and a capital city on the front lines of war and freedom. In the late 1840s, Representative Abraham Lincoln resided at Mrs. Sprigg's boardinghouse on Capitol Hill. Known as Abolition House, Mrs. Sprigg's hosted lively dinner-table debates of antislavery politics by the congressional boarders. The unusually rapid turnover in the enslaved staff suggested that there were frequent escapes north to freedom from Abolition House, likely a cog in the underground railroad. These early years in Washington proved formative for Lincoln. In 1861, now in the White House, Lincoln could gaze out his office window and see the Confederate flag flying across the Potomac. Washington, DC, sat on the front lines of the Civil War. Vulnerable and insecure, the capital was rife with Confederate sympathizers. On the crossroads of slavery and freedom, the city was a refuge for thousands of contraband and fugitive slaves. The Lincoln administration took strict measures to tighten security and established camps to provide food, shelter, and medical care for contrabands. In 1863, a Freedman's Village rose on the grounds of the Lee estate, where the Confederate flag once flew. The president and Mrs. Lincoln personally comforted the wounded troops who flooded wartime Washington. In 1862, Lincoln spent July 4 riding in a train of ambulances carrying casualties from the Peninsula Campaign to Washington hospitals. He saluted the "One-Legged Brigade" assembled outside the White House as "orators," their wounds eloquent expressions of sacrifice and dedication. The administration built more than one hundred military hospitals to care for Union casualties. These are among the unforgettable scenes in Lincoln's Citadel, a fresh, absorbing narrative history of Lincoln's leadership in Civil War Washington. Here is the vivid story of how the Lincoln administration met the immense challenges the war posed to the city, transforming a vulnerable capital into a bastion for the Union.

Writing the Civil War Aug 02 2022 Co-edited by the author of the Pulitzer Prize-winning *Battle Cry of Freedom*, a collection of essays by fourteen distinguished historians discusses the ongoing effort to chronicle the Civil War and trends in Civil War scholarship. History Alt. UP.

Music of the Civil War Era Apr 17 2021 Examines the popular songs of the Civil War and those who composed and played them, includes biographies of musicians of the era and a dictionary of Civil War music.

Horses and Mules in the Civil War Jan 27 2022 Horses and mules served during the Civil War in greater number and suffered more casualties than the men of the Union and Confederate armies combined. Using firsthand accounts, this history addresses the many uses of equines during the war, the methods by which they were obtained, their costs, their suffering on the battlefields and roads, their consumption by soldiers, and such topics as racing and mounted music. The

book is supplemented by accounts of the "Lightning Mule Brigade," the "Charge of the Mule Brigade," five appendices and 37 illustrations. More than 700 Civil War equines are identified and described with incidental information and identification of their masters.

Campaigns of the Civil War Aug 29 2019 Campaigns of the Civil War - inclusive.
Daring Women of the Civil War Jun 07 2020 An account of the many roles played by women in the American Civil War, both on the battlefield and at home, introducing specific women such as author Louisa May Alcott and Confederate spy Rose O'Neal Greenhow.

Women in the Civil War Jul 21 2021 Given by the Madeley Estate.
Remembering the Civil War Sep 22 2021 As early as 1865, survivors of the Civil War were acutely aware that people were purposefully shaping what would be remembered about the war and what would be omitted from the historical record. In *Remembering the Civil War*, Caroline E. Janney examines how the war generation--men and women, black and white, Unionists and Confederates--crafted and protected their memories of the nation's greatest conflict. Janney maintains that the participants never fully embraced the reconciliation so famously represented in handshakes across stone walls. Instead, both Union and Confederate veterans, and most especially their respective women's organizations, clung tenaciously to their own causes well into the twentieth century. Janney explores the subtle yet important differences between reunion and reconciliation and argues that the Unionist and Emancipationist memories of the war never completely gave way to the story Confederates told. She challenges the idea that white northerners and southerners salved their war wounds through shared ideas about race and shows that debates about slavery often proved to be among the most powerful obstacles to reconciliation.

Arms and Equipment of the Civil War Aug 22 2021 From iron-clads, submarine torpedoes, and military balloons to pontoon bridges, grenades, and siege artillery, this excellent work describes what materiel was available to the armies and navies of both sides. Over 500 black-and-white illustrations.

Lifeline of the Confederacy Oct 31 2019 One of the finest original works on the Civil War. -- *Civil War News*
Defend This Old Town Apr 05 2020 *Defend This Old Town* is a riveting war epic of local scale and human dimensions. Taking its title from the cry raised in Williamsburg as the Federal army approached in 1862, Carol Dubbs's narrative sweeps us into the lives of residents of this small historic city from the secession of Virginia in 1861 to Lee's surrender four years later. Williamsburg's Civil War ordeal has never before been told in such depth. Located midway on the only land route between Richmond and the Union-held Fort Monroe, on the tip of the Virginia Peninsula, Williamsburg hosted Confederate troops for the first year of war while defensive earthworks were built across the area. After the Battle of Williamsburg on May 5, 1862 -- a bloody clash neither side sought but each claimed as victor -- Union forces began an occupation of the town that lasted with only short interruptions until the end of the war. Those residents who had not fled remained to stubbornly defend their homes. Dubbs scripts a compelling chronicle of these events, interweaving quotes from diaries, letters, memoirs, and military memoranda to bring immediacy to her subject. Balancing the grim experiences of combat, shortages, tending the dead and wounded, the college's burning, restive servants, typhoid breakout, and isolation from the rest of the Confederacy are some lighter interludes: the Union marshal who arrived with his saddlebags packed with shoes and dresses to win the good opinion of the town's females; the first taste of freedom for blacks; and the issuance of travel passes -- including one to an especially sharp-tongued matron, with the order never to return. Maps, period photographs, order of battle, and a bibliography complete this substantial, comprehensive, and entertaining work. *Defend This Old Town* is certain to engage anyone who enjoys good history.

The Civil War May 19 2021
A Separate Civil War Nov 24 2021 Most Americans think of the Civil War as a series of dramatic clashes between massive armies led by romantic-seeming leaders. But in the Appalachian communities of North Georgia, things were very different. Focusing on Fannin and Lumpkin counties in the Blue Ridge Mountains along Georgia's northern border, *A Separate Civil War: Communities in Conflict in the Mountain South* argues for a more localized, idiosyncratic understanding of this momentous period in our nation's history. The book reveals that, for many participants, this war was fought less for abstract ideological causes than for reasons tied to home, family, friends, and community. Making use of a large trove of letters, diaries, interviews, government documents, and sociological data, Jonathan Dean Sarris brings to life a previously obscured version of our nation's most divisive and destructive war. From the outset, the prospect of secession and war divided Georgia's mountain communities along the lines of race and religion, and war itself only heightened these tensions. As the Confederate government began to draft men into the army and seize supplies from farmers, many mountaineers became more disaffected still. They banded together in armed squads, fighting off Confederate soldiers, state militia, and their own pro-Confederate neighbors. A local civil war ensued, with each side seeing the other as a threat to law, order, and community itself. In this very personal conflict, both factions came to dehumanize their enemies and use methods that shocked even seasoned soldiers with their savagery. But when the war was over in 1865, each faction sought to sanitize the past and integrate its stories into the national myths later popularized about the Civil War. By arguing that the reason for choosing sides had more to do with local concerns than with competing ideologies or social or political visions, Sarris adds a much-needed complication to the question of why men fought in the Civil War.

[The Civil War For Dummies®](#) Oct 04 2022 The Civil War was America's trial by fire; its battles forged the nation we know today. We're still fascinated with it – the national reckoning with slavery, the legendary generals and leaders, the epic and bloody clashes of armies, the impact on the daily lives of ordinary people. We visit its battlefields – mostly idyllic patches of countryside near small towns and creeks – where more Americans died in combat than in all other wars combined, except for World War Two. And we tell its stories – of last charges, brother fighting brother, imprisonment and emancipation, and tragedy and rebirth. It is our country's epic; the story of how we became who we are, and what price we paid. *The Civil War For Dummies* is your complete introduction to this seminal conflict. Eschewing tedious historical pondering and military micro-analysis, this fun and information-rich guide gives an accurate overview of the event, from the war's causes through the fighting to the aftermath. Inside you'll discover: 1850-1860: what led to war First Bull Run: illusions lost Antietam: the bloodiest day The Emancipation Proclamation Heroes and goats of each major battle Jackson's Valley Campaign Sherman's March to the Sea Surrender at Appomattox And much more Full of sidebars and illustrations, *The Civil War For Dummies* brings history to life with personalities, factoids, battle reports, strategic maps, and "what ifs." In addition to the military and political history, you'll also find out about: The African American experience in the war Women and the Civil War Native Americans and the war The life of the common soldier Banking and finance systems and the war "Firsts" that make the Civil War history's first modern war Civil War food Civil War tourism: the best battlefields to visit, and how to get the most out of your trip Written in an accessible style so you can start reading at any point in the story, *The Civil War For Dummies* makes a great cornerstone for learning about this violent and compelling chapter of American history.
