Alles zerfällt Aug 05 2020 Der Afrika-Roman, der die moderne afrikanische Literatur begründete und die Weltliteratur prägte - endlich in neuer Übersetzung! Chinua Achebe erzählt von Verrat und Rache, von Leidenschaften, die keine Ruhe finden, und von Sehnsüchten, die keine Zukunft haben. Okonkwo, stark und jähzornig, stösst sich an den strengen Stammesregeln und zerbricht an dem Regime der britischen Kolonialherren. In seinem Meisterwerk beschreibt Achebe den Konflikt einer archaischen Kultur in einer Sprache, die rituell-sprichwörtlich, dokumentarisch und elementar poetisch ist: Mit diesem Roman erhielt der Kontinent eine Stimme.

Leveraging the Potentials of Peer Learning Sep 25 2019 The digitization changes qualification demands of knowledge workers and opens new forms of collaboration. Solutions are required for enhancing acquisition and transfer of knowledge as well as training professional skills such as critical thinking, communication and cooperation. Peer Learning (PL) provides potentials for coping with these demands. However, it faces practical challenges as its reusability is low, collaboration expertise is required, and lacks leveraging digitization potentials. In contrast, the body of Collaboration Engineering (CE) literature, provides insights as it is an approach to designing collaborative work practices for high-value

recurring tasks and deploying those to practitioners to execute for themselves without collaboration expertise. In this light, three research questions shape the structure of the thesis. First, the thesis shows an analysis of the application domain and develops a teaching-learning approach for creating conditions for PL in large scale lectures. Second, it proposes an approach to designing reference processes for enhancing PL. Third, it presents three studies that illustrate the design, instantiation and evaluation of reference processes for enhancing PL in the field. As methodological approach the thesis uses Design Science and develops, instantiates and evaluates re-usable reference processes for enhancing PL.

Common Insect Pests of Trees in the Great Plains Jul 28 2022 Abstract: This publication, developed to aid the public and professionals in identifying and managing common insect pests of trees in the Great Plains, provides information on hardwood and conifer defoliators, borers, sapsucking insects and gall insects: their hosts, identification, life cycle, and damage and control recommendations. Color photos aid in pest identification. Contains a list of insecticides by common and registered trade names, a list of host plants by common name with scientific names, and common and scientific names of insect pests arranged by the damage they cause.

Irish University Press Series of British Parliamentary Papers: Report from the Select Committee on Silver and Gold Wares, with proceedings of the committee. 1856 (190) Dec 29 2019 In 1327 the London Goldsmith's Company was incorporated and undertook the responsibility from that time for the assay and marking of plate. To further safeguard the public against poor quality wares and to revise and consolidate the existing legislation, dating back to the fourteenth century, parliament set up a Select Committee to investigate this trade in 1856. The resultant report and evidence provides an invaluable account of the operation of the assay system in England, Scotland and Ireland, and detailed appendices of trade statistics. Later in the century other Select Committees investigated the effects of duties on gold and silver wares trade and the value of compulsory assay and marking. A special feature of the report is the evidence dealing with the origins and functions of the Goldsmith's Company. -- Publisher's catalogue.

A Descriptive Catalogue of the Musical Manuscript Collection of the National Library of Greece May 02 2020 The National Library of Greece (Ethnike Bibliothike tes Ellados) is one of the richest depositories of Byzantine musical manuscripts that exists, but in spite of being such a rich archive, the National Library has never published a catalogue of its musical manuscripts - not all of which are Byzantine or Greek. It is the purpose of this published catalogue to recover or, in some instances, to present for the first time the repertory of the musical sources of the library. The manuscripts encompass Egypt, Turkey, the Balkans, Italy, Cyprus and Israel/Palestine. This variety underlines the importance of the catalogue for identifying composers, music and performance practice of different locales. The catalogue will enlighten musicologists and Byzantinists and stimulate more interest and investigation of these sources. As such, it will fill a major gap in the bibliography of Byzantine chant and other musical studies.

Gl My Antonia/Rdgs Gr 11 May 26 2022 Widely recognized as Willa Cather's finest book and one of the outstanding novels of American literature, My Antonia deals with the life of Bohemian immigrants and native American settlers in the vast frontier farmlands of Nebraska. It is a work particularly noted for its lucid and moving depiction of the prairie and the lives of those who live there. Kathryn Yarman's narration brings this masterwork even greater spirit.
