Astronomy ‘playne and simple’ Aug 15 2021 This volume includes methodological considerations and descriptions of some of the texts compiled in The Corpus of English Texts on Astronomy (CETA), together with a number of pilot studies using these texts showing how the corpus can be used to investigate English Astronomy writing between 1700 and 1900, from a synchronic and a diachronic perspective. CETA is part of the Coruña Corpus of English Scientific Writing (CC). Since the CC was designed in 2003 with a sampling method by which extracts of 10,000 words were selected, this method has been followed in CETA, with samples from 42 different authors both from Europe and North America. Some extralinguistic parameters, such as year of publication, sex, geographical provenance and text-types/genres have been considered for text selection. According to late Modern English text typology, the samples in CETA can be grouped in eight different categories and such categories, as well as some other metadata information, can be used to search the corpus. CETA, together with the Coruña Corpus Tool purpose-designed software by IrLab, was originally made available with the volume on CD-rom. As of early 2019, these are also accessible online at the Repositorio Universidade Coruña: CCT at <http://hdl.handle.net/2183/21850> and CETA at <http://hdl.handle.net/2183/21848>

[Die Kunst des stilvollen Wanderns - Ein philosophischer Wegweiser](#) Mar 22 2022 »Wenn das Herz trüb ist, liegt das oft nur an einer zu dünnen Sohle.« Stephen Graham Der schottische Schriftsteller Stephen Graham war einer der ersten, der dazu aufrief, die Welt zu Fuß zu entdecken - und sich auf unbekannte Wege vorzuwagen. Fernab der Straßen, allein mit sich und der Natur. In seinem Wanderratgeber aus dem Jahr 1926 nimmt er uns mit in eine Zeit, in der viele die Folgen der Industrialisierung schon spürten, doch unsere High-Tech-Welt noch ferne Zukunft war. Seine tief sinnigen Gedanken und zeitlosen Ausrüstungstipps haben ihn zum Kultautor gemacht - der uns nicht nur verrät, wie wir den Boden unter den Füßen wieder spüren lernen können, sondern uns mit dem besten Proviantpaket gegen den Überdruß unserer Zeit versorgt.

Elgar Studies Jan 08 2021 Edward Elgar rose from obscurity to become the most popular English composer of his day. Elgar's music is known world-wide and works such as the 'Enigma Variations' and 'The Dream of Gerontius' together with the two symphonies and the two concertos have established him as one of the greatest British composers of all time. The Elgar Society was founded in 1951 to further the cause of Elgar's music and the present volume of essays has been compiled as an expression of gratitude for the work that it has done. These essays reflect the variety and richness of Elgar's music and the debate that this music continues to encourage. The book is not simply for academics however; lovers of music in general will find much to entertain them and it will add greatly to our appreciation of Elgar.

Discovering Classic Fantasy Fiction Jun 25 2022 The antecedents of fantasy literature extend back to the very beginnings of storytelling itself, but modern fantasy became recognizable as a distinct literary form only in the late nineteenth and early twentieth centuries, with the publication of the novels of William Morris and the short stories of Lord Dunsany. The emphasis by these writers and their successors on ideal and sometimes less than ideal places and peoples who exist only in a realm of pure imagination laid the foundation for later works by J. R. R. Tolkien and many others. Book jacket.

The Extra Day Oct 29 2022 The Extra Day Algernon Blackwood's tale is about three children growing up in the Old Mill House in the Victorian era. Judy, Tim, and Maria were just little children. It was impossible to say exactly what their ages were, except that they were just the usual age, that Judy was the eldest, Maria the youngest, and that Tim, accordingly, came in between the two. When their Uncle Felix comes to visit, his magical storytelling and patience with the children impacts their lives significantly. There is a great deal of foreshadowing that a great surprise is coming with a great revelation. For instance, Uncle Felix says, ""Time always prevents, doesn't it? If only we could make it stop - get behind time, as it were - we might have a chance. Some day, perhaps, we shall."" Uncle Felix challenges the children to talk to the night wind and ask it for answers. Although this book was not necessarily written for children, it is a great book to read to kids
