[The Miracle of American Study Guide](#) Oct 21 2021 A study of the American heritage and the Constitution of the United States.

[The People's Guide to the United States Constitution, Revised Edition](#) Jan 12 2021 Although we are constantly bombarded with arguments over constitutional issues in the media, surveys show the majority of Americans have not read and understood our Constitution even though it is just 25 pages long. The reason? The language is over 200 years old with unusual words and legal terms. This book is an easy-to-read, spin-free guide to the Constitution, the Bill of Rights, additional amendments, and the Declaration of Independence. It provides both the essential historical context and important definitions of the language used at the time. One can read straight through these original texts and gain confidence in understanding the agreements which guarantee our freedoms. This book will help answer these questions: Are our rights being protected or eroded? What is the true purpose of government and what are its duties? Why was the Bill of Rights written? Individuals should read this book to protect their rights and liberty and insist their elected officials read and understand the U.S. Constitution.

[The New Jersey State Constitution](#) Sep 07 2020 Williams launches our new series with this guide to the state constitution of New Jersey. His volume treats New Jersey's constitutional development since statehood. covering the constitutions of 1776, 1844, up to and including the current constitution written in 1947. Through this in-depth study, Williams is able to provide important insight into the broader issues of New Jersey's political, economic, and social growth. The book's first part traces the constitution's development since statehood, and a second part is a thorough section-by-section analysis of the current constitution. a useful purchase for libraries that specialize in constitutional matters or that want a reference source on their state. Library Journal Robert F. Williams launches our new series Reference Guides to the State Constitutions of the United States with this guide to the New Jersey State Constitution. The New Jersey Constitution is strictly a basic constitutional document, not a code of laws. It remains unblemished and envied. State constitutions have been referred to as 'mine(s) of instruction for the natural history of democratic communities.' This in-depth study of New Jersey's constitutional development provides an important insight into the broader issues of New Jersey's political, economic, and social growth. In Part I Williams traces the constitutional development from statehood in 1776 followed by a thorough analysis of the current constitution in Part II. With forewords by G. Alan Tarr and former New Jersey Governor and Chief Justice Richard J. Hughes, Williams' The New Jersey State Constitution: A Reference Guide covers the historical development of the constitutions of 1776, 1844, the Constitutional Commission of 1873, and the current constitution written in 1947. The volume then provides a section-by-section analysis of the present day constitution.
