The Binge Watcher's Guide To The Handmaid's Tale Jul 28 2022 It can't happen here... Or can it? In the late 1980's Margaret Atwood's award winning novel The Handmaid's Tale showed us the dystopian society of Gilead. In 2017 Bruce Miller brought it to life on Hulu, and the parallels to the ultra religious patriarchal society to what is happening in the United States today is terrifyingly prophetic. This Binge Watcher's Guide takes you through the first three seasons of the television series with each episode reviewed with a gut punch rating and trigger warnings. If you like to read the end of the book first or watch horror movies between your fingers, this book is for you. It's also for people who want a "couch buddy" to share all the WTF feelings that the show brings out. At the end of each chapter is a short guide on how to process the emotions brought up during the episodes and provides hope for a future that doesn't mirror June and the rest of the Handmaids existence. Blessed be the squad!

Edward Carpenter (Routledge Revivals) Aug 29 2022 Edward Carpenter: In Appreciation, first published in 1931, presents a collection of tributes to and reminiscences about the renowned socialist poet, pioneering gay rights activist, environmentalist and political thinker. Embroiled in controversy with prominent figures of all political persuasions in the late nineteenth and early twentieth centuries, Carpenter's vision of sexual freedom, democracy and an end to commercialism was maintained with integrity over the course of his whole life. These portraits and anecdotes testify to a man of both determination and warmth, whose writings, though inspirational for many up to the 1960s, are seldom read today.

The Stone-Campbell Movement Feb 29 2020 The religious reform tradition known as the Stone-Campbell movement came into being on the American frontier in the early decades of the nineteenth century. Named for its two principal founders, Barton W. Stone and Alexander Campbell, its purpose was twofold: to restore the church to the practice and teaching of the New Testament and, by this means, to find a basis for reuniting all Christians. Today, there are three major branches of the Stone-Campbell tradition: the Christian Church (Disciples of Christ), Churches of Christ, and Christian Churches/Churches of Christ. This volume brings together twenty-six essays drawn from the significant scholarship on the Stone-Campbell Movement that has flourished over the past twenty years. Reprinted from diverse scholarly journals and concentrating on historiographic issues,

the essays consider such topics as the movement's origins, its influence on the presidency, its presence in Britain, and its multicultural aspects. In their introduction, Casey and Foster reveal the connections between this scholarship and larger issues of American history, religion, and culture. They note that David Edwin Harrell Jr., and Richard T. Hughes--both of whom are represented in the collection--have provided competing paradigms of the social and intellectual history of the movement: While Harrell defends the legitimacy of the sectarian "non-institutional" Churches of Christ, Hughes legitimizes the current progressive movement found in Churches of Christ. Casey and Foster propose six additional historiographic constructs as alternatives to those of Harrell and Hughes and assess each paradigm's implications for the scholarship of the movement. The first major survey of research on the Stone-Campbell movement in a quarter of a century, this book will also serve as an invaluable resource for scholars of American religious movements in general. The Editors: Michael W. Casey is professor the communication at Pepperdine University. He is the author of *The Battle Over Hermeneutics in the Stone-Campbell Movement, 1800-1870 and Saddlebags, City Streets, and Cyberspace: A History of Preaching in the Churches of Christ*. Douglas A. Foster is associate professor of church history and director of the Center for Restoration Studies at Abilene Christian University. He is author of *Will the Cycle Be Unbroken? Churches of Christ Face the Twenty-First Century* and co-author of *The Crux of the Matter: Crisis, Tradition, and the Future of Churches of Christ*. The Contributors: Peter Ackers, Louis Billington, Monroe Billington, Paul M. Blowers, Michael W. Casey, Anthony L. Dunnivant, David B. Eller, Philip G. A. Griffin-Allwood, Jean F. Hankins, David Edwin Harrell Jr., Nathan O. Hatch, L. Edward Hicks, Richard T. Hughes, Deryck W. Lovegrove, John L. Morrison, Russ Paden, Paul D. Phillips, William C. Ringenberg, Stephen Vaughn, Earl Irvin West, Mont Whitson, Glenn Michael Zuber.

Court Rolls of the Manor of Wakefield: Volume 3, 1313 to 1316, and 1286 Jul 16 2021 This five-volume collection of manorial court records, published between 1901 and 1945, is a unique resource for medieval historians.

The London Encyclopaedia Oct 19 2021

The Handmaid and the Carpenter Oct 31 2022 In this wonderful novel about love and trust, hope and belief, Elizabeth Berg, the bestselling author of *We Are All Welcome Here* and *The Year of Pleasures*, transports us to Nazareth in biblical times to reimagine the events of the classic Christmas story. We see Mary—young, strong, and inquisitive—as she first meets Joseph, a serious-minded young carpenter who is steadfastly devoted to the religious traditions of their people. The two become betrothed, but are soon faced with an unexpected pregnancy. Aided by a great and abiding love, they endure challenges to their relationship as well as threats to their lives as they come to terms with the mysterious circumstances surrounding the birth of their child, Jesus. For Mary, the pregnancy is a divine miracle and a privilege. For Joseph, it is an ongoing test not only of his courage but of his faith—in his wife as well as in his God. Exquisitely written and imbued with the truthful emotions and richness of detail that have earned Elizabeth Berg a devoted readership, *The Handmaid and the Carpenter* explores lives touched profoundly by miracles large and small. This powerful and moving novel is destined to become a classic.

Margaret Atwood Sep 05 2020 A prolific writer and versatile social critic, Canadian novelist and poet Margaret Atwood has recently published *Bluebeard's Egg* (short stories), *Interlunar* (poetry), and *The Handmaid's Tale* a critically acclaimed best-selling novel. This international collection of essays evaluates the complete body of her work—both the acclaimed fiction and the innovative poetry. The critics represented here—American, Australian, and Canadian—address Atwood's

handling of such themes as feminism, ecology, the gothic novel, and the political relationship between Canada and the United States. The essays on Atwood's novels introduce the general reader to her development as a writer, as she matures from a basically subjective, poetic vision, seen in *Surfacing* and *The Edible Woman*, to an increasingly engaged, political stance, exemplified by *The Handmaid's Tale*. Other essays examine Atwood's poetry, from her transformation of the Homeric model to her criticisms of the United States' relationship with Canada. The last two critical essays offer a unique view of Atwood through an investigation of her use of the concept of shamanism and through a presentation of eight of her vivid watercolors. The volume ends with Atwood presenting her own views in an interview with Jan Garden Castro and in a conversation between Atwood and students at the University of Tampa, Florida.

The English School (Volumes I and II) Sep 25 2019 Britain has a rich heritage of school buildings

dating from the later Middle Ages to the present day. While some of these schools have attracted the attention of architectural historians, they have not previously been considered from the educational viewpoint. Even schools of little or no architectural interest are important sociologically, since the changing architecture of schools reflects changing ideas about how children should be educated and organized for teaching purposes. Documentary material relating to education is often fragmentary, and buildings may thus constitute the only real source of knowledge about the development of particular schools and can also throw light on general educational history. Originally published in 1971 and 1977, these books are, therefore, not only a major contribution to architectural history but also a study in the development of educational ideas and practices from the fourteenth to the twentieth century.
