*Perfekt unperfekt Oct 21 2021 Perfekt unperfekt? Auf Hochglanz polierte Gestaltung erscheint uns manchmal distanziert, umgekehrt kann eine rasch hingeworfene Linie oder eine verwackelte Fotografie authentisch wirken. Im Design ist der Ausarbeitungsgrad ein wichtiger Stil- und Wirkungsfaktor. Durch einen rhetorischen Blick verschiebt sich die Frage nach »guter« Gestaltung hin zur Frage nach wirkungsvollem Design: Welcher Elaborationsgrad ist angemessen - relativ zum verfolgten Zweck und Kontext? Annina Schneller entwickelt eine praxisorientierte Rhetorik des Designs, die erstmals Strategien der Elaboration beleuchtet: in der klassischen Rhetorik, in der Grafikdesigngeschichte und in zwei Anwendungsfeldern der visuellen Kommunikation. Perfektion und Abweichung vom Ideal stehen dabei in einem steten Spannungsverhältnis.*

**Milton's Earthly Paradise** Nov 09 2020 Milton's Earthly Paradise was first published in 1972. Minnesota Archive Editions uses digital technology to make long-unavailable books once again accessible, and are published unaltered from the original University of Minnesota Press editions. This study provides a history of the changing interpretations of the first earthly paradise—the garden of Eden—in Western thought and relates Paradise Lost and other literary works to this paradise tradition. The author traces the beginnings of the tradition as they appear in the Bible and in classical literature and shows how these two strains were joined in early Christian and medieval literature. His emphasis, however, is on the relation of Paradise Lost to Renaissance commentary and to other literary works of the period dealing with the paradise story. Professor Duncan views Paradise Lost as one of many Renaissance works that reveal an untiring effort to understand and explain the first chapters of Genesis. In the rational and humanistic commentary of the Renaissance, he explains, the aim was to provide an interpretation of the literal sense of the Scriptural account that was credible, detailed, and historically valid. He finds that the cumulative influence of the commentary is reflected in Milton's attention to the location of paradise, the emphasis on the natural and the rational in his description of paradise, and in the importance of the typological relationship between the terrestrial and celestial paradises. This illuminating discussion makes it clear that Milton's re-creation of paradise is not only superb poetry but also a penetrating account of the origins of man, involving highly complex and controversial issues.

Of invention spiritual Jan 12 2021 Ruskin, a Victorian-era British writer whose work had a profound influence on artists, art historians, and writers both during his life and after, wrote Modern Painters in five separate volumes originally published in London between 1843 and 1860, substantially revising the volumes over the years. It is, among other things, an evaluation of individual painters, a religious statement, a discourse on nature, and a splendid example of Victorian prose style.***
