[Kasdeja's Children](#) Feb 29 2020 At 21, Greg Leshing is already hurtling towards mid-life crisis. A loner by nature, he is a misfit in Whitehall with no serious career prospects. Fraught office relationships mirror life at home, where endless arguments and the chronic pain of a childhood injury combine to weigh down his spirits. Only his passion for progressive rock music and a quiet bar in the West End of London called Club Cramatchs seem to provide him with any true comfort, but the sanctity of his refuge is suddenly called into question when he discovers a possible link between the Club's owners and a number of high-profile attacks on Catholic churches. With Greg unwittingly finding himself a suspect in the police investigation, things deteriorate still further when he encounters several mysterious and enigmatic characters that no one else seems able to see. Fearing for his sanity, Greg's efforts to clear his name lead him to Dormin Manor, a seventeenth century country house with a highly controversial purpose. From there, the complex puzzle that begins to unravel suggests that the echoes of a terrible injustice from hundreds of years ago may still be reverberating in the events of the present. With different factions each contesting his favour, Greg can't help but feel there is something familiar about the characters involved and one burning question continues to haunt his every move. Is anyone ever really gone? Drawing on a rich mixture of historical events and traditional folklore Kasdeja's Children is a fast-paced, intricately plotted thriller with a supernatural twist that provides a timely reminder of the evil of religious intolerance.

A Fighter's Desire - Part One Feb 08 2021 ****Introductory Prequel Novella to the Gloves Off series by NYT and USA TODAY Bestselling author, L.P. Dover. This is just an introduction to the characters. Their full stories will come with their novels.**** Two is always better than one. What would you do if you were given the chance to spend the night with not one, but two fighters? Would you do it? Could you open yourself up to the pleasures they offered and do exactly what they said in order to pass on to the next round? It was common knowledge that Ryley and Camden Jameson, well-known MMA fighters and identical twins, were just as aggressive and passionate in the bed as they were in the ring. The only problem was that if you didn't pass their test on the first night, then you didn't proceed to the next round. They loved a good fight, and that's what they got when they met Ashleigh Warren. Ashleigh knew what was going to happen when the twins approached her with a proposition, and needless to say, she knew exactly how to handle them ... or so she thought. The rules had changed, and in order to get them both on her to first spend one night with each and last until they were done with her. It was a proposition she couldn't refuse, but she knew it wouldn't be easy to win. However, it was one that she was going to enjoy.

[A Fighter's Desire - Part Two](#) Sep 17 2021 ****Second installment - prequel novella to the Gloves Off series by NYT and USA TODAY Bestselling author, L.P. DOVER. This story follows several of my fighters but focuses on one, Tyler Rushing, who not only fights in the ring, but fights against his desire for the one girl he can't have. Check out the conclusion to his story in Tyler's Undoing.**** When you're told to stay away from someone or something it only drives the urge to go after it more. In this case, that was exactly what happened. For years, Gabriella Reynolds--younger sister of MMA's Heavyweight Champion, Matt Reynolds--was warned by him to stay away from his fighter friends: she deserved better and they would only break her heart. Did she listen? Yes, for a while, but temptation can only consume you so much until you fall into its trap. There's a certain fighter she's interested in, and it just so happens that he's her brother's best friend, the only one that is completely off limits to her. However, she's not the only one fighting temptation. Tyler Rushing can't deny his attraction to her, but he's afraid she'll want more and he can't give that to her. When he finds out that's not the case ... everything changes. Secrets can be dangerous, but they can also be thrilling and intense. Gabriella and Tyler have no choice but to keep their time together a secret ... and it's a secret that'll stay with them forever.

This work documents baseball's best catches by outfielders from 1887 through 1964 (the year of Duke Snider's retirement, the demolition of the Polo Grounds, and, arguably, Willie Mays' last great grab). After introductory chapters on factors that influenced the catches and their legacies--from ballpark quirks, changes to the baseball and the evolution of baseball gloves, to sportswriters and photography--the book describes famous catches by decade from such players as Mays, Willie Keeler, Joe DiMaggio, Duke Snider, Roberto Clement, Curt Flood and many others. Extensive research yields a wealth of information for each catch, including commentary by period sportswriters, players, and, often, the man who snagged the ball.

Those who stand at the top pull the strings in whatever manner they desire, unopposed by their subordinates, and unchallenged by ethics. But some people are difficult to tame, as not all humans are created equal within the confines of Menilax. A rare gift has spread throughout the Broken Sector, allowing the less fortunate to control parts of existence that normal people could only dream of. But they are tired, poor and homeless, and have been abandoned by the rest of the city due to their volatility. Grey is a man looking to strengthen his constituents and rebuild the Sector, working as much as he can before his time comes to an end. With a track record of blood and shadow, he's hoping that with enough good deeds he can redeem himself. To what lengths he will go to remains to be seen, but is it remotely possible for good works to cancel out a history of dark deeds? Where does one draw the line, for who can be forgiven, and who must be damned for their sins? While Grey grew up fending for himself in a secluded, apathetic environment, Janus enrolled with STARCOV, a covert division of the military, specialising in espionage, tactics and foreign surveillance. Her world is torn asunder when her little brother is abducted, leaving her mind to unravel at a frightening pace. Not only must she deal with Oscar's disappearance, but Janus is left with years of operational conditioning, skills not applicable to life outside of the unit. Janus plans to take matters into her own hands to take back control, to see Oscar returned home in one piece. Will her trauma consume her from the inside? Or will she beat the odds and succeed despite her shortcomings?
