**Language to Cover a Page** Oct 27 2022 Poems and other texts from the 1960s by a pioneering conceptual artist that show a continuity with his subsequent work in

performance and video art. Pioneering conceptual artist Vito Acconci began his career as a poet. In the 1960s, before beginning his work in performance and video art, Acconci studied at the Iowa Writers Workshop and published poems in journals and chapbooks. Almost all of this work remains unknown; much of it appeared in the self-produced magazines of the Lower East Side's mimeo revolution, and many other pieces were never published. *Language to Cover a Page* collects these writings for the first time and not only shows Acconci to be an important experimental writer of the period, but demonstrates the continuity of his early writing with his later work in film, video, and performance. *Language to Cover a Page* documents a key moment in the unprecedented intersection of artists and poets in the late 1960s -- as seen in the Dwan Gallery's series of "Language" shows (1967-1970) and in Acconci's own journal 0 to 9. Indeed, as Acconci moved from the poetry scene to the art world, his poetry became increasingly performative while his artwork was often structured and motivated by linguistic play. Acconci's early writing recalls the work of Samuel Beckett, the deadpan voice of the nouveau roman, and the jump cuts and fraught permutations of the nouvelle vague. Poems in *Language to Cover a Page* explore the materiality of language ("language as matter and not ideas," as Robert Smithson put it), the physical space of the

page, and the physicality of source texts (phonebooks, thesauruses, dictionaries). Other poems take the space of the page as an analogue to performance space or implicate the poem in a network of activity (as in his "Dial-a-Poem" pieces). Readers will find Acconci's inventive and accomplished poetry as edgy and provocative as anything published today.

**A Philosophy of Cover Songs**

Feb 19 2022 Cover songs are a familiar feature of contemporary popular music. Musicians describe their own performances as covers, and audiences use the category to organize their listening and appreciation. However, until now philosophers have not had much to say about them. In *A Philosophy of Cover Songs*, P.D. Magnus demonstrates that philosophy provides a valuable toolbox for thinking about covers; in turn, the philosophy of cover songs illustrates some general points about philosophical method. Lucidly written, the book is divided into three parts: how to think about covers, appreciating covers, and the metaphysics of covers

and songs. Along the way, it explores a range of issues raised by covers, from the question of what precisely constitutes a cover, to the history and taxonomy of the category, the various relationships that hold between songs, performances, and tracks, and the appreciation and evaluation of covers. This unique and engaging book will be of interest to those working in philosophy of art, philosophy of music, popular music studies, music history, and musicology, as well as to readers with a general interest in popular music, covers, and how we think about them.

**Das Buch Des Wahns** Sep 14 2021 "Jetzt war es ein leichtes für ihn auch die gegenüberliegende Magenwand zu öffnen. Alle fleischliche Agonie von zu Wahn gewordenem Seelenleid betäubt, griff er tiefer in seinen Leib hinein und gelangte an sein Ziel. Er kappte die Schlagadern, welche das heftig zuckende Organ festhielten und beförderte dieses mit einem beherzten Ruck ins Freie. So erstarrte er schließlich, seinen Herzmuskel hoch in Richtung ihres Abbildes erhoben, in einer Todespose von bizarr-kitschiger Symbolik." Das Buch des Wahns ist nichts für

Zartbesaitete. Tony Caulfields Abstecher ins Splatterpunk Subgenre erfolgen mit der Präzision eines Skalpellschnittes und haben die Wucht eines Vorschlaghammers. Doch Caulfields Horror-visionen gehen weit über die Schranken fleischlicher Qual hinaus. Im Zusammenspiel des Auslotens der Untiefen menschlicher Psyche mit dem Würgegriff des Ekels und ironischer Verspieltheit tritt Wort für Wort, Zeile für Zeile das wahre Grauen ans Licht: Der Alptraum seelischer Zerfleischung, das Sehnen das im Wahnsinn endet und die Urangeist vor dem, wozu wir selbst werden können. Das Buch enthält: - Sieben Horrorgeschichten in ungekürzter Originalfassung. - Eine Tony Caulfield Kurzbiographie. - Ein Vorwort des Autors. - Zahlreiche Abbildungen von Tony Caulfield Gemälden. *Telephone and Telegraph Actions by the Commission. ## **Subsurface Hydrological Responses to Land Cover and Land Use Changes** Jun 30 2020

Since human beings first appeared on the earth, we have changed land cover and land use for our own purposes, such as conveniences and high productivity. As a result of the land cover and land use changes, many serious environmental problems occur on the earth. Studying meteorological and hydrological effects of vegetation and land cover/use changes helps us to understand the environmental changes and problems happening near the earth surface, because the vegetation distributes the solar energy and water on the earth surface into atmosphere and

geosphere. Subsurface hydrological responses to land cover and land use changes have drawn only regional environmental concerns, although global change caused by biosphere change has been studied in various scientific fields. The changes in land cover and land use alter water, solute and heat cycles in basins and elements of those balances, including evapotranspiration, groundwater recharge rate, discharge rates into rivers or ocean and soil moisture content, which are directly or indirectly related to the global environmental issues.

Therefore, the changes in biosphere may substantially alter the subsurface hydrological system. For instance, increased groundwater recharge rates following clearing forest into grasses might be one consequence resulting in rising water tables and salinization.

**Das Zeitalter des Nichts** May 22 2022 Fundiert, spannend, pointiert - das hochwertige Standardwerk für Bildungshungrige »Gott ist tot« beschied Friedrich Nietzsche im Jahr 1882. Ein Leben ohne Gott, ohne die Aussicht auf einen höheren Sinn - das gehört zu den größten Denkabenteuern der Menschheitsgeschichte. Der Atheismus mit seinen kühnen, kreativen, nicht selten egozentrischen Protagonisten wird hier von Peter Watson, dem renommierten Ideenhistoriker, als Ganzes und im geschichtlichen Kontext der Moderne erzählt. Er folgt in seiner umfassenden Darstellung jenen Wegen, die das Denken nach dem Ende aller Religion genommen hat, und erläutert, welche Antworten auf die Frage nach dem Sinn menschlicher Existenz gefunden wurden. Dichter wie Paul Valéry, Rainer Maria Rilke, Samuel Beckett, Denker wie Sigmund Freud, Künstler wie Jackson Pollock oder Robert Rauschenberg haben sich der existenziellen Ungesicherheit des Menschen gestellt. Peter Watson erinnert mit diesem Kompendium an eine Freiheit ohne Gott in einer Zeit, in der Religion

ungehemmten Machtmissbrauch legitimieren soll.

[The Book: A Cover-to-Cover Exploration of the Most Powerful Object of Our Time](#)  
Dec 17 2021 "Everybody who has ever read a book will benefit from the way Keith Houston explores the most powerful object of our time. And everybody who has read it will agree that reports of the book's death have been greatly exaggerated."—Erik Spiekermann, typographer We may love books, but do we know what lies behind them? In *The Book*, Keith Houston reveals that the paper, ink, thread, glue, and board from which a book is made tell as rich a story as the words on its pages—of civilizations, empires, human ingenuity, and madness. In an invitingly tactile history of this 2,000-year-old medium, Houston follows the development of writing, printing, the art of illustrations, and binding to show how we have moved from cuneiform tablets and papyrus scrolls to the hardcovers and paperbacks of today. Sure to delight book lovers of all stripes with its lush, full-color illustrations, *The Book* gives us the momentous and surprising history behind humanity's most important—and universal—information technology.

**Unexpected Jesus** Jul 12 2021 During Advent season, we often sing, "Come thou long-expected Jesus...". We put up the same decorations, sing the same carols, lay out the same creche; we imagine what it was like to welcome Jesus into the world on that silent night. So peaceful. So lovely. But what if everything was not as it seems? What if Jesus actually challenged everyone's expectations of what a Messiah would be like, how he should arrive, what he would do? What if he was born in a house with a family, in a noisy bustling town and not a quiet stable? What if he was more interested in those who were outside the religious and social establishment than those who were in it? What if looking closely at the scriptures overturns our expectations of Advent and Christmas in a way that changes us forever?
