EBOOK: Play and Playwork: 101 Stories of Children Playing May 16 2021 Children like to play. They get all sorts of benefits from playing. They get the most benefit from play when they are in control of what they are doing. Yet there are lots of circumstances today that mean children are not able to control their own play and that's where playwork comes in, where the role of the playworker is to create environments that enable children to take control of their playing. This book aims to explore the similarities, differences and tensions that exist between play and playwork including appropriate definitions and the conflict around the role of the adult. Fraser Brown proposes a play to playwork continuum, where playing can be considered a 'developmental and evolutionary' activity and playwork a 'compensatory' activity. Helpfully structured around the aspects considered by the author as most important for playwork, this book uses 101 fascinating stories of children playing to illuminate a range of play and playwork theories. The rich array of powerful stories - drawn from the casebooks of eminent and experienced playworkers - speak for themselves whilst at the same time triggering theoretical explorations that are interwoven with the stories in each chapter. Mesmerizing, absorbing and original, this is essential reading for playwork students and practitioners, as well as for students and practitioners of early years, childhood, children's health and wellbeing, and children's social care.

EBOOK: Chilling Out Feb 22 2022 "Erudite and wide-ranging, perceptive and provocative, lively and up-to-date - Shane Blackman has produced a book with something to offer to just about anyone interested in drugs in contemporary society. Blackman uncovers hidden histories, points out the contradictions running through media, popular culture and official policy and highlights the challenges facing us. Chilling Out is a book that will be a boon to students and a valuable resource for both teachers and researchers." Nigel South, Professor, Department of Sociology and Research Professor, Department of Health and Human Sciences, University of Essex. How are drug war politics, drug prevention, popular culture and drug consumption interconnected? What are the major contradictions, assumptions and silences within the moral arguments of drug policy makers? What are the implications for the viability of drugs policy? This book critically examines the assumptions underlying drug prohibition and explores the contradictions of drug prevention policies. For the first time in this field, it combines a wide-ranging exploration of the global political and historical context with a detailed focus on youth culture, on the basis that young people are the primary target of drug prevention policies. Chilling Out provides a critical map of drugs, bringing together work on drugs as a source of political state repression and regulation of morality through medical discourse, work on drugs as cultural commodities in film, popular music, advertising and tourism, work on 'drug normalisation', subcultural deviance and the politics of drug education. This clear and enlightening text for sociology, health and media and cultural studies courses argues for an holistic and a critical understanding of drugs in society, which can be the basis for a more coherent approach to drug control. Practitioners and policy makers will find it a thought-provoking and informative source.

After 22 years of poaching, Charlie finally reformed, turning himself in to the state game wardens and retiring his outlaw ways. Charlie chose to write Prince of Poachers to share his story along with why he no longer poaches and to warn others away from outlaw-hunting. Winterkill Jun 04 2020 In *Winterkill*, Todd Davis, who, according to *Gray's Sporting Journal*, "observes nature in the great tradition of Robert Frost, James Dickey, and Jim Harrison," offers an unflinching portrait of the cycles of birth and death in the woods and streams of Pennsylvania, while never leaving behind the tragedies and joys of the human world. Fusing narrative and lyrical impulses, in his fifth book of poetry Davis seeks to address the living world through a lens of transformation. In poems of praise and sorrow that draw upon the classical Chinese rivers-and-mountains tradition, Davis chronicles the creatures of forest and sky, of streams and lakes, moving through cycles of fecundity and lack, paying witness to the fundamental processes of the earth that offer the possibility of regeneration, even resurrection. Meditations on subjects from native brook trout to the ants that scramble up a compost pile; from a young diabetic girl burning trash in a barrel to a neighbor's denial of global warming; from an examination of the bone structure in a rabbit's skull to a depiction of a boy who can name every bird by its far-off song, these are poems that both celebrate and lament the perfectly imperfect world that sustains us.

I'm with the Cosmos Sep 07 2020 'I'm with the Cosmos' was the phrase New York Cosmos players used to get a table reserved at the city's best restaurants or skip the queue at the glamorous Studio 54 nightclub. And it was one Steve Hunt became used to trotting out, after he was transferred from Aston Villa to New York Cosmos at the tender age of 20, having played just seven times for the first team at Villa. He walked straight into a world of celebrity and a team of superstars including two of the world's finest players, Pele and Franz Beckenbauer. This is Steve's story of those heady days in New York - but also a stellar career back in England during the early 1980s. Returning to the West Midlands, Steve played for Coventry City, West Bromwich Albion and returned to his beloved Aston Villa for a second spell - and at the age of 28, he won the first of two England caps under Bobby Robson, realising an ambition held since early childhood. This is Steve's story, and in it he writes frankly about his football career, as well as his life outside the game. Steve Hunt collaborated with Ian McCauley on his autobiography. Ian is a former teacher, now living on the Isle of Wight. This is his first book although he enjoys writing short stories for pleasure. Ian is a Birmingham City supporter and Steve - a lifelong Aston Villa fan - has long since forgiven him.

Chronos Crime Chronicles - Jane Parker Apr 02 2020 Jane Parker, later Viscountess Rochford, was the sister-in-law of Anne Boleyn and was executed alongside Katherine Howard, yet she has remained in the shadows throughout the years, surrounded by more myths than facts. She is often portrayed as a malicious woman who was jealous of her husband's relationship with his sister, but the evidence does not support that. So why is she portrayed as such? It may be the ambiguous nature of her dealings with Henry VIII's fifth queen, Katherine Howard, that have influenced our view of her, but her real story deserves to be told in full. Jane Parker: The Downfall of Two Tudor Queens? is the next instalment in an exciting new historical true crime series from Chronos Books.

Valiant Deception May 04 2020 The ATB Valiant/Louisiana, an unusual type of oil tanker, is on a peaceful, seven day cruise from Texas to New York City, carrying eighty-five million gallons of gasoline. After the Arab Spring, former terror regimes are deceiving the world: building schools, feeding the hungry, showing a façade of peace, while enabling... Tar al Bazid sees his Saudi village ravaged by jets, bombs and bullets. This leads him on a murderous quest for payback. He and his band of seasoned terrorist soldiers attack and board the Valiant off the coast of Miami, with the intention of blowing her up next to the United Nations Complex in New York during a multi-national peace conference. Secrecy is maintained and no demands are put forth, because a plan of deception and misdirection is in the works. Reverend Tom Stevens is a preacher leading a new religion, teaching "Separate but Equal", a thinly veiled racist movement gaining major ground in America, violently demonstrating at the U.N. The terrorists are spotted and reported by Dr. Alex Arzu, a brilliant language professor. Shattered by the murder of his wife and kids, he seeks refuge as a hermit on a small Bahamian Island, only to return to the world a few years later to reveal all he has seen. Only Charlie Mitchell, a PTSD suffering veteran who is serving aboard the Valiant, and Captain John Sheppard, headstrong commandant of a U.S. Coast Guard station stand in their way.

In this book, follow two generations of hell-raising Caineses as they achieve lasting fame carving duck decoys (now collectable and worth thousands), guiding hunters in Hobcaw Barony, fishing for shad and telling tall tales of their misadventures—often staring smack down the barrel of a rifle, and getting away with it just the same. From Hucks, Sawney, Ball, Bob and Pluty to Jerry and Roy, hunting and fishing in South Carolina will never be the same.

Cooking in Other Women's Kitchens. Enhanced Ebook Aug 19 2021 As African American women left the plantation economy behind, many entered domestic service in southern cities and towns. Cooking was one of the primary jobs they performed, feeding generations of white families and, in the process, profoundly shaping southern foodways and culture. In *Cooking in Other Women's Kitchens: Domestic Workers in the South, 1865-1960*, Rebecca Sharpless argues that, in the face of discrimination, long workdays, and low wages, African American cooks worked to assert measures of control over their own lives. As employment opportunities expanded in the twentieth century, most African American women chose to leave cooking for more lucrative and less oppressive manufacturing, clerical, or professional positions. Through letters, autobiography, and oral history, Sharpless evokes African American women's voices from slavery to the open economy, examining their lives at work and at home. The enhanced electronic version of the book includes twenty letters, photographs, first-person narratives, and other documents, each embedded in the text where it will be most meaningful. Featuring nearly 100 pages of new material, the enhanced e-book offers readers an intimate view into the lives of domestic workers, while also illuminating the journey a historian takes in uncovering these stories.
